No Trucks Ruling Relaxed Except For Clark Road

By Susan K. O'Neill

Monday night, the Board of Selectmen voted to re-establish truck access to all town roads except for Clark Road. The vote, which negated previous "no truck" rulings on such residential thruways as Lovejoy and Greenwood roads, was prompted by petitions from two separate groups of Andover residents who had felt aggrieved by the prohibitions.

Although they were served by a single solution, the problems of two petitioning groups—and the groups themselves—were distinctly different.

Safety concerns lay at the heart of the first petition, which was signed by 30 residents of High Plain Road. "Recently, 'No Trucks' signs have been posted for Lovejoy Road and Greenwood Road.," began the text. "This has resulted in a noticeable increase in truck traffic on High Plain Road."

The document further noted that the street has no sidewalks, and that it is heavily traveled by small children who walk to the nearby West Elementary School. The residents asked that the board also prohibit trucks on High Plain.

The second petition dealt with commerce. In its text, 13 individuals who own and/or operate businesses employing trucks charged that it was "unfair that agencies of the Town of Andover choose to bar the use of our vehicles on certain Town streets." The ban not only increased truck traffic on boardering roadways, said the document, but also

Selectman Donn Byrne Dies Suddenly At 49

Selectman Donn B. Byrne, 49, 15 Lovejoy Road, died Monday night at Lawrence General Hospital,

He had been admitted for emergency surgery for a burst blood vessel in his abdomen Monday afternoon.

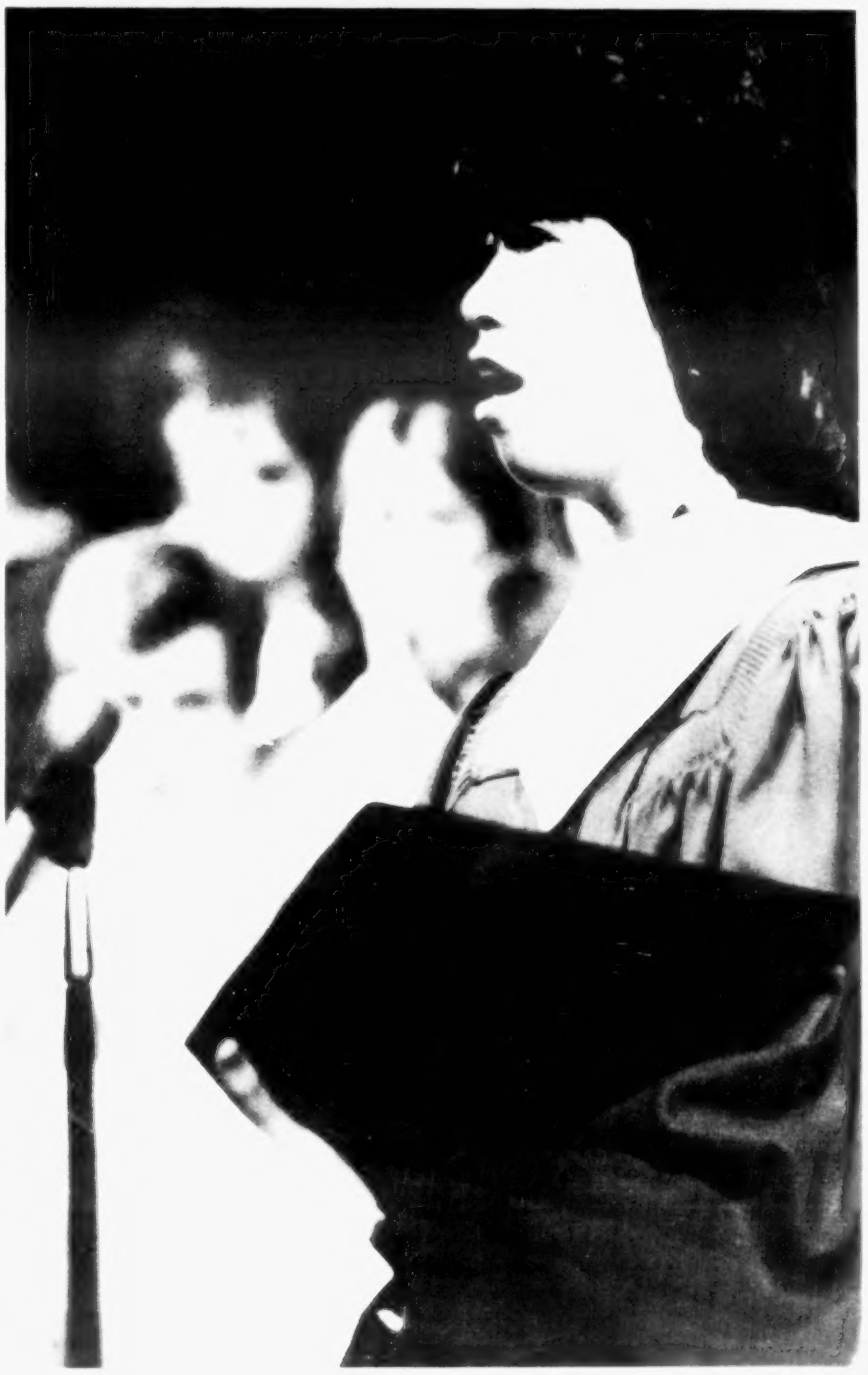

Byrne had served on the Finance Committee prior to his election to the Board of Selectmen five years ago, and continued to attend the Finance Committee meetings regularly.

"His contribution is hard to measure," said Town Manager Kenneth Mahony, "He guided us through (Proposition) Two-and-a- half...he has contributed immensely to my ablity to operate."

Mahony added that "He knew the town operation and knew what had to be done." Commenting that Byrne was "a person of great enthusiasms," Mahony also characterized Byrne as "a fiscal conservative, a voice of caution." Although he favored the renovations to the old town hall, Byrne expressed concern about how the cost of the project, $2.3 million, would affect the town.

If a job needed to be done, Byrne would volunteer to do it. "Very dedicated to town meeting" he just last week spoke before the town meeting improvement committee. "He was a super person who will be badly missed," said Mahony.

To Interview Zoning Board Candidates

Monday night, the Andover Board of Selectmen agreed to interview the five residents who have applied for the seat that is vacant on the Zoning Board of Appeals. The interviews—which, said board members, will be open to the public—will be scheduled for 6:30 on Jan. 12 (prior to the regularly-scheduled 7:30 meeting) in the Town Hall third floor meeting room.

The selectmen also finalized the Eminent Domain Taking of three parcels of conservation land, owned by the Maksian, Boloian and Simpson families. Two of the parcels, the 22-acre Maksian and 52-acre Boloian holdings, are located in the Chandler Road/Route 93 area and are crucial to the protection of the Fish Brook watershed. The third, the 10-acre Simpson parcel, will become an Andover piece of the "Emerald Necklace" of linked greenspaces planned for eastern Massachusetts. The $500,000 in funding for the acquisition has been awarded in two equal amounts to the Patriot National Bank and State Street Bank, both of Boston.

Finally, the board voted to approve the installation of a pole on River Road by Mass. Electric Company and New England Telephone.

School Program To Recieve State Grant

Andover will receive $5,300 in Early Childhood Education grants between this past October and next June, State Education Commissioner Ron Raynolds announced.

The early childhood education grants are to be used by districts "for developmentally—appropriate preschool, enhanced kindergarten, day care, extended day and transitional kindergarten programs," said Raynolds, adding that "local councils and local needs assessments are required" for participation in the program.

The funding comes under the School Improvement Act of 1985, Chapter 188.

Fire Department Christmas Message

'Twas the night before Christmas, when all through the house, not a creature was stirring, not even a mouse.
When down through the chimney, all covered with soot, game the spirit of fire, an ugly galoot.

His eyes glowed like embers, his features were stern, as he looked all around for something to burn. What he saw made him grumble - his anger grew higher, for there wasn't a thing that would start a good fire.

No door had been blocked by the big Christmas tree. It stood in the corner, leaving passageways free. The lights that glowed brightly for betty and tim, had been hung with precaution, so none touched a limb.

All wiring was new, not a break could be seen, and wet sand at its base kept the tree nice and green. The tree had been trimmed by a mother insistent that the ornaments used should be fire-resistant.

And mother had known the things to avoid. Like cotton and paper and plain celluloid. Rock wool, metal icicles, and trinkets of glass, gave life to the tree — it really had class!

And, would you believe it, right next to the tree, was a suitable box for holding debris — a place to throw wrappings of paper and string, from all of the gifts that santa might bring.

The ugly galoot was so mad he could bust, as he climbed up the chimney in utter disgust. For the folks in this home had paid close attention — to all of the rules of "Good Fire Prevention."

A Very Merry and FIRE - SAFE Christmas to you and yours from the

Santa Visits Cub Scouts

Keith Bishop swore that he saw it. Up in the sky, outside the St. Robert Bellarmine church hall—a sleigh pulled by reindeer, carrying a little man in red.

Keith, the little brother of a cub scout in St. Robert's pack 79, might very well have seen the jolly fat man—because shortly after the alleged sighting on the evening of Dec. 15, Santa himself stepped into the parish hall and added his ho-ho-ho's to the scouts' holiday party.

Pack 79 began the festivities on a solemn note, with the traditional flag ceremony. Dave Workman of Scout Troup 79 and troup members Chris and Brian Workman and Steve Veilleux performed the Bobcat advancement ceremony and presented badges, pins and gold and silver arrows to members of the pack.

Santa made his entrance to the tune of "Santa Claus is Coming to Town," sung by the boys and their families and accompanied by Janet Smith on the piano, and passed out presents and candy canes to his many fans. Even Fr. Mullin and Fr. Collins, who charter the pack, received gifts of fruit baskets.

Not to be outdone, Cubmaster John Bishop presented Santa a gift—a little something to tide his reindeer over on the long ride back home.

After snacking on goodies donated by the mothers of Den-7 and punch from McDonalds of Andover (arranged by Chris King), the pack dispersed for long winter's naps.

Organizers and special help for the night were Dave Workman, Harold Keegan, Chris Bellorado, Richard Surko and, of course, the big guy in red.

Health Field Careers Explored

Northern Essex Community College will begin a 15-credit, mini-certificate program in January designed to provide persons interested in health-related careers with information about the training these careers require, as well as college credits, entry level jobs skills and resume and interviewing techniques.

The HEART (Health Exploration and Related Training) program is designed especially for single parents and displaced homemakers, but is open to anyone interested in the health-care field. Graduates of the program will be prepared to apply for entry level jobs in doctors' offices, health clinics or hospitals or transfer the college credits into another certificate or associate degree program offered at Northern Essex.

Project HEART will focus on tumor registry, medical record technology and medical terminology and transcribing. All three fields offer excellent opportunities for employment and career growth, according to Joyce Harrison, program job developer.

Free tuition for the program, which begins January 21, is available to qualified applicants.

A Little Holiday Cheer!

Last week, the students at the Early Childhood Center at Shawsheen gathered for a holiday sing. Under the direction of music teacher Regina Stein, each class took the stage to sing a cheerful holiday song. Pictured clock-wise from upper left: Students combine acting out, instrumentally playing, and singing; Bells were absolutely necessary on most of the songs, as shown by these three; One student awaits her cue to crash the cymbals; A group sings while holding their instruments silent—at least temporarily; and four girls cheerfully act out the lyrics of their holiday song.

First Night Deadline Friday

Celebrate New Year's Eve in Boston, have a great time and leave the driving to the Department of Community Services. This is the fourth year the DCS will participate in the city-wide cultural event. The bus will leave from the rear parking lot of Town Offices at 7 p.m. and return by approximately 1 a.m. Drop off and pick up in Boston will be in the waterfront area. A First Night Button supports the cost of the celebration and provides general admission to events. Admission to most indoor programs is on a first-come/first-served basis. There is no guaranteed seating. A sample of events include classical, traditional and folk and ethnic musical styles, dance performances, theatre, mime, vaudeville, storytelling, poetry, martial arts, film/video, outdoor and environmental art, storefront window performances at various sites as well as street surprises.

Enhance the fantasy aspect of First Night by attending the celebration in costume, mask or make up. Participants will find their way back to the Boston waterfront area for an 11:50 p.m. fireworks display before boarding the bus for Andover.

The DCS will not be responsible for individuals who arrive late at the pick-up point and miss the bus home.

Young adults between 16 and 18 years of age must have a signature of parent or guardian. Registration deadline is Friday, Dec. 26, at the DCS office on Bartlet Street. Office hours are Monday through Friday from 8:30 a.m. to 4:30 p.m.

Council For Children Honored

The Massachusetts Office for Children (OFC) recently honored the Greater Lawrence Council for Children at a statewide Citizen Recognition Conference attended by more than 200 citizen volunteers from Massachusetts.

Kathy Collins of North Andover accepted an award for excellence in achievement on behalf of the Greater Lawrence Council for Children for its' work in establishing the first ongoing Hispanics Parents Anonymous Chapter.

Gov. Michael S. Dukakis and Human Services Secretary Philip W. Johnston presented the awards during an hour-long awards ceremony.

In his opening remarks, Dukakis said, "Children are our most important link to a bright future in the Commonwealth." He went on to pay tribute to the important partnership between the state's Office for Children and the more than 1,600 volunteers who donate their time to improving services for children in towns and cities across Massachusetts. "These local council members have our thanks and our commitment to continuing the strong partnership in which citizens join hands with state government to achieve the very best for our children."

The councils for children are volunteer citizen boards representing communities throughout the state. Affiliated with the Massachusetts Office for Children, these citizen volunteers conduct public education campaigns on issues affecting children, review state funding proposals for children's services and work to identify the needs of children at the local level. For more information on local council activities, call the Greater Lawrence area office.

Designated Driver

If your holiday celebrations involve alcohol, AAA urges you not to mix drinking and driving. Instead of becoming a statistic, become a designated driver.

Alcohol related crashes kill about 23,500 Americans every year and seriously injure 561,000 others. Nearly 50 percent of all fatal traffic crashes involve a driver who is under the influence of alcohol or another drug.

This year, why not volunteer to be the designated driver. By agreeing not to drink, you can be sure that your friends will get home safely.

BABY TALK

by Jack Resnick

Using baby lotion is really not necessary unless the skin is very dry, though parents enjoy applying it. Many parents now prefer to use creams and lotions which don't have scent or color added and which most often cost less than the usual baby products. Baby oils, most of which are made of mineral oil, have been used extensively for dry or normal skin or for diaper rash. But tests have shown that mineral oil itself may cause a very mild rash in some babies. So it is sensible not to use it routinely unless you find by testing that it has more advantage than disadvantage in your baby's case.

Academy Hill Historic Certificates Available

By Barbara Thibault

The Andover Historical Society, 97 Main St., extends an invitation to all property owners in the Academy Hill Historic District to collect their National Register certificates, which are issued by the Massachusetts Historical Commission. National Register properties are distinguished by having been documented and evaluated for historical importance according to uniform standards. Listing in the National Register also qualifies the owner for federal tax incentives and other preservation assistance.

Academy Hill Historic District comprises most of Phillips Academy campus plus a small array of residential structures on School, Main, Wheeler and Highland Streets, including 160 buildings, walks, a tower, gates, a cemetery, a pond and more than 450 acres. The "hill," as it is locally known, represents the landmarks of three separate educational institutions: Phillips Academy (1778), Andover Theological Seminary (1807) and Abbot Academy (1829). While Phillips Academy is recognized as the oldest American incorporated boarding school, none of the original wooden buildings survive. Bulfinch Hall, made of brick and named for the noted Boston architect, was built in 1819 as the third academy building and is the oldest surviving structure. Graves Hall, electic and ornate in its use of brick, is one of the few representative late 19th century masonry buildings extant in And-

Historic

(Continued from Page 18)

over. In the early 20th century, a major development plan was executed after Phillips Academy acquired the Andover Theological Seminary buildings. New construction, like the Addison Art Gallery and Cochran Chapel, occurred, relocation of older structures such as the 1824 Samaritan and 1828 Stowe Houses resulted and major landscape renovations of the campus were carried out.

Though the institution of the Andover Theological Seminary has left the community, the lecture halls, dormitories and faculty homes remain. Foxcroft (1808), Pearson (1818) and Bartlett (1820) Halls reflect the utilitarian design of early institutional architecture and the federal style. Whereas the residence of the first seminary president, located at 189 Main St., represents a high style example of the federal period.

The School Street campus, formerly Abbot Academy, is a continuum of architecture between 1829 and 1921. Abbot Hall was originally erected facing School Street and retains its imposing presence with a two-story center pavillon supported by Ionic columns. The facades of Draper (1890) and McKeen (1904) Hall with irregular massing and arched openings, contrast the 1907 art gallery with its classical details and the scrolled metalwork of the 1921 Merrill Memorial Gateway. Equally important to the setting of the historic district is "The Grove," a wooded area to the rear of Abbot Circle laid out in the 19th century with paths, benches and a garden. Many of the buildings can be located by using "A Walking Tour of Phillips Academy" available at the Addison Art Gallery.

Along with the architectural and historical significance of the Academy Hill Historic District is the contributing importance of the persons associated with these institutions. The list reads like "Who's Who" in American history.

More information on districts and individual properties is available at the Historical Society's Underhill Research Library which is open Monday through Friday from 9 a.m. to 5 p.m. The society and library will be closed from December 25-29. Please plan to pick up your certificate and have a tour of the Blanchard House at the same time. The house museum is open Sundays and Wednesdays between 2 p.m. and 4 p.m. or any day by appointment.

Raytheon Provides Gifts

Christmas arrived early for hundreds of needy children as Raytheon's annual Toy Parade visited Boston and surrounding communities.

Nearly 4,000 toys and gifts, valued at more than $20,000, were distributed to needy children at 16 institutions and hospitals throughout the Boston area. The gifts were delivered by a bus van of 25 Raytheon Microwave & Power Tube employees dressed as Santa and his helpers.

Ralph Moschella, who supervises the project at Raytheon in Waltham, said this small group of employees raised the funds through a number of "ingenious" ways, including raffles, bake sales and coffee clubs. "They rallied all the division's employees in Waltham, Quincy and Northborough for the cause," he said.

"Not only was this group in charge of raising the funds, but they also made all of the purchases, wrapped the presents and handled the delivery and distribution," Moschella added. "Today is truly the highlight of the year for them, as well as the many who benefit from our efforts."

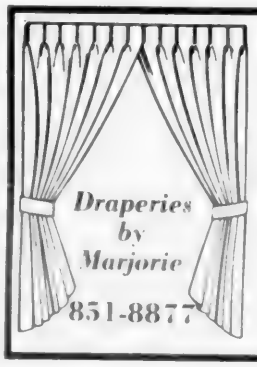

Organizations included in the gift delivery were the Boston Center for Blind Children, Boston City Hospital, W.E. Fernald School, Italian Home for Children, Mill Swann School, Catholic Charitable Bureau, Metropolitan State Hospital, Sudbury Community Group, Charles River Association for Retarded Children, New England Home for Little Wanderers, Waltham Day Care Center, Ruggles Street-Mission Hill Day Care Center, Middlesex County Hospital, Early Opportunity Day Care and the Walker Home and School.

The annual toy parade was started 34 years go.

Raytheon, headquartered in Lexington, is a diversified international company active in electronics, aviation, appliances, energy services, construction and textbook publishing. It is the state's largest industrial employer with some 31,000 of its more than 72,000 employees working in Massachusetts.

The world's first postage stamp was offered for sale in Great Britain on May 1, 1840. Referred to as the Penny Blck, this issue was a black one-penny stamp graced with Queen Victoria's left-side portrait.

Chanukah Party At Center

Robert Lebowitz, president of the Lawrence Jewish Community Center Senior Citizens, announced their annual Chanukah party will be held Monday, Dec. 29, at 12 noon at the center.

A lunch with traditional potato latkes (pancakes) will be served. Professional entertainment will follow.

The J.C.C. seniors have donated gifts for the children at St. Anne's Home, Methuen, for the past five years. Dr. Villani, director of the home, will accept the presentation of gifts.

Honored

Mrs. Anne E. Ginivan, a resident for three decades of Stoneham, has been honored by the 200-bed New England Rehabilitation Hospital, Woburn, by being elected "Employee-of-the-Month."

Within a few days, Mrs. Ginivan learned that one of her sons, Brian, had been named "Employee-of-the-Year" by his firm, Computerized Financial Info (CFI) of Andover.

Associated with the NEHR fro six years, Mrs. Ginivan was cited for her "excellent attitude and completing daily work even if it means working a little bit into the evening."

Kitchen Design

by David A. Clement, Designer

YOUR DREAM ISLAND

Various studies on kitchens have shown that it is not the size of the kitchen that affects efficiency. Rather it is the relationship between work areas, storage space and work tops. A good test for checking the effectiveness of a kitchen is to examine the steps in making a cup of tea. What seems at first to be an ordinary simple task is actually a multi-faceted maneuver. Kitchen planning is simple a matter of common sense. Once work centers and storage facilities are laid out in order, making a workable plan can begin. No one layout is more "ideal" than another. Therefore, it makes no sense to force a preference for a certain type of plan into a space that cannot accept it. The idea is to organically construct a plan that works for a family and its home.

Whatever type of cabinets will suit your room's layout, you know that WINDSOR KITCHENS will have the best ones for you. Our staff will be able to determine the amount of cabinets and the features that will benefit your needs. What we create suits your lifestyle and nobody else's. We've done hundreds of kitchens in this area, so you know we have the experience. See us at 1181 Boston Rd., Ward Hill. Hours: Wed. 9-9; Thursday 9 to 5:30; Friday 9 to 5:30; Saturday 10 to 2; Sun., Mon., Tues., closed or by appointment. Tel. 372-3444. *We Wish You All A Merry Christmas & Happy New Year.*

First and second prize winners of the Council on Aging poster contest, T.J. McMeniman and Chris Graham of St. Augustine's School, display their posters while holding the third place poster by Danielle Poulin, between them. A total of 37 fourth grade students of art teacher Lorraine Mullett created posters describing how they see the senior citizens that they know.

Poster Prizes Awarded

The Seventh Annual Poster Contest of the Council on Aging was held this month with St. Augustine's School.

Thirty-seven posters were submitted by Lorraine Mullett's 4th grade art students.

The children decided to illustrate their feelings about the elederly people they know under the introductory statement– Our Friends At The Senior Center Are:. Adjectives the children chose included happy, active, busy, special, kind, caring and wise.

First prize was awarded to T.J. McMeniman. Second prize was won by Chris Graham, and third prize by Danielle Poulin.

How did the White House get its name? In 1814 a fire blackened the walls. The smoke-stained walls were painted white, giving rise to the title.

Holiday Telephone Tips

Christmas Day is expected to be AT&T's busiest calling holiday. About 34.5 million long distance and international calls are anticipated to be handled over the company's network.

Here are some tips that can save time and money:

Dial directly. No matter what the hour, the price for a call dialed directly is lower than the price of the same call made with the help of an operator. Customers away from home should use their AT&T cards to save money over third-party billed and operator-assisted calls.

Try calling between 2 p.m. and 6 p.m. Christmas Day when calling volumes are traditionally at their lowest.

When planning international calls, check telephone directory to make sure you can dial the call yourself. Most customers an dial to 146 foreign countries and territories. However, callers who live in areas without direct-dial service still can make calls at the direct-dial rate by calling an AT&T long-distance operator.

Take advantage of the 56 percent discount on calls placed between 11 p.m. Wednesday, Dec. 24, and 8 a.m. Christmas Day. AT&T prices are discounted 40 percent on Christmas between 8 a.m. and 11 p.m. After 11 p.m. and until 8 a.m. Friday, Dec. 26, the 56 percent discount will again be in effect.

Of the total 34.5 million calls estimated on Christmas Day, AT&T says 23.8 million will be state-to-state long distance connections, 7.9 million will be within states and the remaining 2.8 million will be placed to many of the more than 250 countries and territories linked to the AT&T network.

Haverhill History

Under the sponsorship of Bradford College and the Greater Haverhill Chamber of Commerce, Windsor Publications of Northridge, Calif., is publishing an illustrated history of Haverhill.

Entitled "A New City: Haverhill, Massachusetts," the hardcover volume will feature popular history, richly illustrated in black-and-white and four-color photographs. It will chronicale the social, economic and cultural develpment of the city.

Historian Patricia Trainor O'Malley, Ph.D., of Bradford College and Paul Tedesco, Ph.D., chairman of the education at Notheastern, will write the volume.

The history of Haverhill will also include profiles of businesses in Greater Haverhill. Companies will have the opportunity to purchase space in a special section of the book in which they can tell the story of their company and how it has contributed to the history of the city. Company profiles will be written by Ann Powell, acting vice president for college relations at Bradford.

Windsor Publications has published many historical texts and the history of Haverhill will be part of its history series which includes illustrated histories of about 105 cities and states.

Tallman-McGowan

Mrs. C. Bruce Tallman, Jr.

Karen Ann McGowan, daughter of Mr. and Mrs, John P. McGowan of Warwick, R.I., wed C. Bruce Tallman, Jr., son of Dr. and Mrs. Carter B. Tallman, 17 Farrwood Drive, Andover, in a ceremony Dec. 20 at St. Peter's Church in Warwick, R.I.

Rev. Charles Collins and Rev. James Diamond, rector of Chrit Episcopal Church, Andover, performed the ceremony.

Maid of honor was Sheila McGowan of York Harbor, Maine.

Best man was Matt Tomlinson of Andover.

The bride wore a gown of satin and lace with a sweetheart neck and cathedral train, a veil of Venice lace with flowers and satin bows, and carried a Christmas wreath.

The bride's attendants were Mrs. Maureen Stabile of Warwick, R.I., Ms. Ann Marie Van Haaren of Newton, Ms. Kristen Tallman of Garden City, N.Y. and Ms. Margaret Allen of Brunswick, Maine. They wore red velvet dresses trimmed in lace and Christmas flower combs on their hats while carrying Christmas wreaths.

Ushers were Daniel McGowen of Warwick, R.I., Gerry Tallman of Andover, Joe McGee of Andover, and Karl Sohlberg of East Corinth, Vt.

The reception was held at the Carriage Inn, North Kingston, Vt, following which the couple left for a wedding trip to Germany and Austria.

Upon returning, the couple will reside in Cambridge.

The bride is a graduate of Bowdoin College, Brunswick, Maine, and is employed as a research biochemist at Massachusetts General Hospital.

The groom was graduated from Union College, Schenectady, N.Y., and is currently a graduate student at Boston University School of Medicine.

Engagement Announced

Mr. and Mrs. Daniel A. Conlon of Andover announce the engagement of their daughter, Barbara-Jo, to Dean Shoemaker of Clarkstown, Penn.

Miss Conlon, a graduate of Andover High School and Andover Junior College, is employed at Balston, Inc. in Andover.

Mr. Shoemaker was educated in Pennsylvania, served in the U.S. Air Force and is employed as a carpenter.

The wedding will take place in February 1987.

Endangered

The roseate tern, a dove-sized coastal seabird with a black cap and long forked tail, has been propsed for addition to the U.S. List of Endangered and Threatened Species by the Interior Department's U.S. Fish and Wildlife Service.

The proposed rule would classify the population that nests in northeastern North America (primarily from Maine to New York) as endangered. The primary causes for the roseate tern's decline are displacement from suitable nesting islands by expanding numbers of Herring and Black Backed Gulls, human activity and predation.

A strong flier that feeds mainly on small fish, which it catches by plunging headfirst into the water, the roseate tern nests on the ground, usually on small islands. It gradually migrates very long distances in mid-to-late summer to its wintering areas in the waters off northern South America from the Pacific coast of Colombia to eastern Brazil.

In 1986, nesting was known to have occurred only in Connecticut, Maine, Massachusetts, New York and Florida, plus a few pairs in adjacent areas in the provinces of Nova Scotia and Quebec.

Donald Falk

To Address Garden Club

The monthly meeting of the Andover Garden Club will be held Tuesday, Jan. 6, at the Unitarian Universalist Church of Andover, 6 Locke St. The program will begin with coffee at 9:30 a.m.

Donald Falk, director of administration at the Center for Plant Conservation in Jamaica Plain, will give a talk entitled "Facing Extinction: Saving Our Rarest Wildflowers." He will discuss the threats to the continued survival of native flora and outline steps being taken by the center and other organizations to help prevent extinctions. The presentation will include a showing of "The Garland of Generations," a 20-minute slide show about endangered species narrated by actor Christopher Reeve.

Falk received a B.A. from Oberlin College and M.A. in Environmental Policy from Tufts University.

He has considerable experience in conservation strategy, environmental and land use planning, program development and energy policy. Falk is a former energy director for the city of Cambridge and a private consultant in the wetlands site analysis. He has been employed as a land use specialist in the Boston Harbor Islands State Park and as a research associate for the Massachusetts Natural Heritage Program (The Nature Conservancy).

Falk is active as adjunct assistant professor at Tufts University in the department of urban and environmental policy. He is a member of the plant conservation committee, American Association of Botanic Gardens and Arboreta. Falk is also an advisor to the U.S. Department of Agriculture, National Plant Germplasm System Operations Committee.

Mrs. Thomas B. Noyes will create the table arrangement. Mrs. Robert H. Stier, Jr. and Mrs. Dean R. Swan are hostesses.

Winter Games

The northern Berkshires host the third annual Bay State Winter Games February 27, 28 and March 1.

The winter games will feature four winter Olympic sports: alpine and cross-country skiing, speed and figure skating. Alpine events, Open and Masters slalom and giant slalom races will be held at Brodie Mountain; Hickory Hill will welcome cross-country skiers and Williams College and North Adams are the site for the figure and speed skaters, respectively.

One way the body adapts to cold weather is to induce shivering—an involuntary muscle activity which increases metabolic heat production.

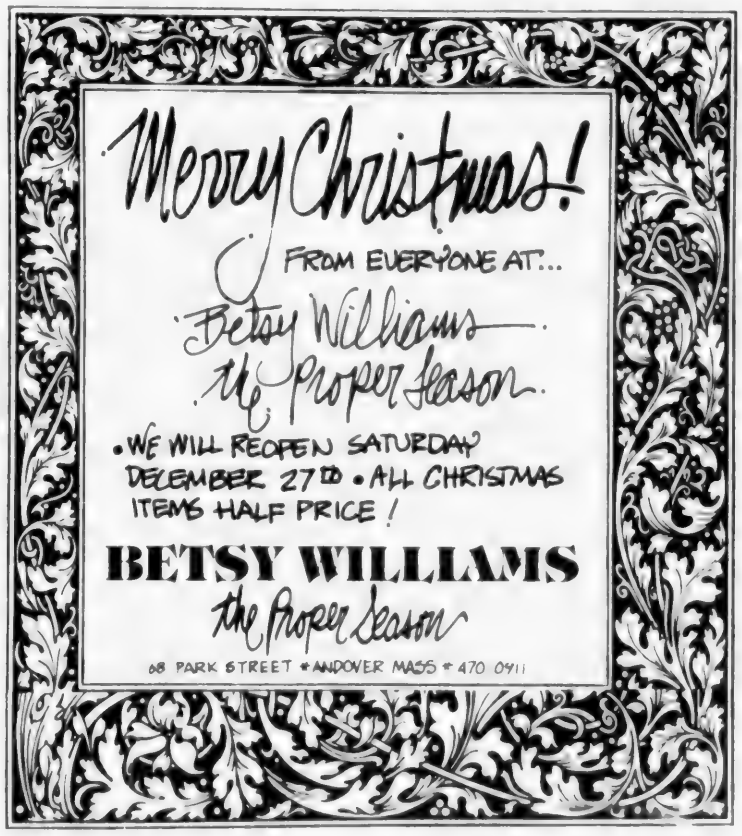

Discard the tree when it is no longer fresh. Don't keep a tree that has dry, brittle or shedding needles—it's a fire hazard.

Extension cords should not be placed underneath rugs or in other locations where people might walk on them.

Peace Service Planned

Millions of people all over the world will join together at noon Greenwich Mean Time (7 a.m. E.S.T.) on December 31 to pray for peace. They will gather in homes, churches and public places to pray for wholeness, harmony and peace in the world now.

A Meditation for Peace will follow the 7 a.m. Holy Communion Service that day in the Moses Chapel at Christ Church, 25 Central St. "Anyone wanting to join in the prayer for peace will be welcome at Christ Church between 7 a.m. and 8 a.m.," says Ann Traver, one of the supporters of this peace effort. "If you are unable to come to an organized gathering, the sponsors of the international event ask that you please take time for a few minutes of silence between 7 a.m. and 8 a.m. on the 31st. It is hoped that some 50 million people throughout the world will be praying together at that time."

Chanukah Services At Temple

Temple Emanuel of Andover, 7 Haggetts Pond Road, serving the Greater Merrimack Valley, will hold a special Family and Chanukah Festival Service this Friday, Dec. 26, at 7:30 p.m. The earlier starting time is to enable families with children to participate and celebrate the beginning of the Chanukah festival.

The Festival of Chanukah, "Festival of Lights," commemorates the dedication of the temple during the days of the Maccabees in the second century before the Common Era. These days continue to be festive days in the life of Jewish families. Chanukah is celebrated for eight days, beginning on the 25th day of Kislev on the Jewish calendar. This period corresponds with Saturday, Dec. 27, through Saturday, Jan. 3. All Jewish festivals begin on the evening preceding the day and, therefore, the first Chanukah candle will be kindled on Friday night, Dec. 26.

The first candle will be kindled at Temple Emanuel prior to the Sabbath Eve Service. Sabbath refreshments, the Chanukah special food, potato latkes, will be served following the service.

Exhibit

New England's rich historical heritage will be on display in Bentley College's LaCava Campus Center Art Gallery January 5-18, thanks to the National Archives' Boston branch and Charles River Museum of Industry. Among the many items being exhibited are an automobile manufactured in Waltham in 1907 by the Metz Company, the largest car builder in the city until World War I.

The National Archives exhibit, "The federal Experience in New England," will feature copies of pages from the first naturalization records of the Massachusetts federal courts in the 1790s, a report of prize goods brought into Boston by the U.S.S. Constitution during the War of 1812 and a handwriteen note (1927) from U.S. Supreme Court Justice Oliver Wendell Holmes, in which he denied a petition for a writ of habeas corpus

Four Petitions By Hotel Group To Be Heard By Appeals Board

By Karen L. Day

Four of the eleven petitions to be heard by the Zoning Board of Appeals at their next meeting were submitted by three separate organizations in relation to property on Old River Road. The Zoning Board of Appeals will hear the petitions at a public hearing to be held Thursday, Jan, 8, at 6:30 p.m. in the School Committee conference room, second floor of the School building, Whittier St. entrance.

Two petitions have been submitted in reference to the Andover Marriott Hotel which is being constructed at 123 Old River Road.

The first petition, by Spectradyne, Inc. of Richardson, Texas, is requesting a special permit to allow the installation of a television receiving dish on the hotel premises. Ocean Properties North is asking for a variance to allow a sign which will not be oriented to a street on which the hotel has access.

In relation to vacant land with frontage on Old River Road, The Andover Companies have submitted two petitions. The first is as a party aggrieved by a decision of the building inspector in regard to the height of the building they have planned for the sight. Their second petition is a request for a variance to construct the building, which exceeds height restrictions in the zoning by-law.

Arthur Williams, 23 Enfield Drive, is petitioning the board to allow construction of a dwelling at 186 High St. and vacant land on High St. The dwelling will not meet minimum setback requirements. According to the application, to build within the setbacks, the home would encroach on the wetlands.

A special permit to convert a two-family home to a three-family home has been requested by P. & S. Realty Trust for property at 8—10 Florence St. According to the petition, trustees Sheila M. Doherty and Patrick J. McLaughlin hope to create affordable housing and make the property economically feasible by increasing the property value. Although the town will lose one parking space, the petitioner will create three or four others.

Roman Y. Gonzales, 123 Haverhill St., is petitioning to allow an addition that will not increase the non-conforming nature of the dwelling. The building inspector denied Gonzales a building permit, and he wants the board to review the decision.

Allowance of a division of a single lot located at 44 Vine St., in a Single Residence C district, has been requested by Gary M. Costello and Elizabeth K. Costello. Frontage of 180 feet is required for the district, and if the Costello's divide the property, one of the lots will be 4.23 feet short of that requirement.

John Vetrano, 32 Andover St., has petitioned the board for continued operation of an establishment at 38—40 Andover St., where the principal activity is the sale of food or drink for consumption on or off the premises. He has also requested modification of previous board decisions #1649 and #1789.

A request for a variance to allow a reduction in the number of parking spaces required has been submitted by The South Church of Andover, Inc.

A special permit for the construction of an in-law apartment at 44 River Road had been requested by Sebastiano J. and Regina M. Messina, for the care of a parent.

Raytheon Plans Expansion At Andover-Tewksbury Line

Seasons Greetings

As a little holiday bonus, the town of Andover gave free two-hour parking in the municipal parking lots with the traditional 'Merry Christmas' greeting this week.

To meet the expanding needs of its Missile Systems Division, Raytheon Company has purchased a 68-acre industrial site in Tewksbury from JDC Properties of Reading. The site, known as the Apple Hill Technology Park, is located at the junction of Route 133 and Interstate 495. The property includes two office buildings totaling approximately 215,000 square feet.

Senior Vice President and Missile Systems Division General Manager Dennis J. Picard stated, "We are very pleased with the acquisition of the Apple Hill Park. It will be of great benefit to Raytheon and to Missile Systems Division and we are confident that the Town of Tewksbury will benefit as well from Raytheon's presence there."

Missile Systems Division will move its research, development and software laboratories to the Tewksbury site beginning in 1987. The site is conveniently located near two of the division's major plants; one is located on Route 133 in Andover and the other on the town line between Tewksbury and Lowell adjacent to Route 495.

Apple Hill Technology Park was known as the Battles farm property when it was acquired by JDC Properties three years ago. JDC Properties is a real estate partnership formed in 1983. Principals are Charles M. Gorman, architectural engineer, David J. Wahr, attorney, and James T. Chadwick, president.

Raytheon Company, headquartered in Lexington, is a diversified, international, technology-based company active in electronics, aviation, appliances, energy services and publishing.

Holiday Faces

Monday morning, students at West Elementary School celebrated the holiday season with an in-school program.

At the outset, students presented toys and gifts they had collected to a representative for the "Toys for Tots" program, which seeks to distribute Christmas presents to needy children.

With the help of teachers and staff members, music teacher Josie Walker then led the assembled students—some of whom had come dressed for the occasion as elves, gifts and even menorahs—in a round of holiday carols.

Assembly days have their own dignataries; at West, Frostie the Snowman and Santa Claus himself stopped by for a bit of song and dance.

The photos on these two pages show a montage of West faces, dressed up in their best expressions of holiday wonder and cheer.

CHRISTMAS

Suddenly it's here!

What seemed so far off a few weeks ago, when the scurrying for gifts, party-planning and general holiday feelings began to build, is now climaxed in that one joyous day.

It's Christmas time.

It is the time of year when our cares and concerns do not disappear, but seem a little brighter due to the festiveness of the season.

And, while it is a busy time of the year, it is also a most pleasant one, in view of the feeling of caring and sharing. Thinking of those less fortunate, and working to assist and ease their problems.

It is a time when there is every effort to make the season the happiest through gifting, attending holiday parties, exchanging greetings and gathering of families.

There remains, of course the constant reminders of a world still seeking peaceful solutions to problems, to eradicating poverty and homelessness which are graphic remainders of the reality of life amid the happiness of the season.

But, pausing to reflect on the peaceful scene in Bethlehem provides us with a certain understanding.

The Holy Birth was meant to create a peaceful world, a place filled with brotherhood and love.

Problems, however, still abound, but we continue to work toward a world filled with understanding and peace.

As Christmas arrives, we once again are provided the opportunity to direct our lives toward the principles His Birth was meant for us to follow.

The sounds and spirit of Christmas will fill the land tomorrow, ringing out in churches, and in the merriment of family gatherings.

It is time to enjoy the season of peace, hope and love.

And, as this most joyous of holidays arrives, we extend our sincere wishes that the spirit of the season, expressed in the Birth of the Prince of Peace, will be the inspiration to allow us to truly proclaim, "peace on earth, good will to all mankind."

A Merry Christmas to all.

Down The Years With The Townsman

75 Years Ago — December 1911

The present high prices on most commodities mark a condition that is attributed by some to tariff reforms, by some to trade manipulation, and by others to the dearth of natural products. We believe that while each of these three elements have their influence in the case, none of them have been so potent a factor as our passive submission—Buchan & Francis.

Christmas comes but once a year, for which let us be truly grateful.

The hall in the Archaeology Building was crowded to overflowing when the Chippewa Indian, Miss Bee Mayes, appeared.

In this age of "crusades," there are crusades and crusades. Some are good and some are bad. Some are wise and some are foolish. The genuine merit is so difficult to see in many of them.

50 Years Ago — December 1936

There comes a time in every child's life when he begins to wonder. He grows up from a little baby knowing full well that once a year a fine old fellow in red outfit and white whiskers comes to his house and leaves him all kinds of good things. But he gradually begins to wonder if there really is a Santa...

Margaret Mitchell's "Gone With the Wind" will not be allowed on the shelves of Memorial Hall Library per the library trustee's orders.

Sidney Batchelder was awarded the school milk contract at a rate of three cents per half pint. Two other dealers bid for the contract, but the school committee chose Betcheldor since he was the only bidder to never have received an Andover School contract before.

The restoration of the town employment wage cut at the coming town meeting would involve extra appropriations of $30,000, it was learned. This would amount to nearly $2 on the tax rate. A big saving to the town will result from the new federal old age policy, for the town will only have to appropriate $7500 for Old Age Assistance instead of this year's $30,000.

25 Years Ago — December 1961

As classroom teachers and administrators seek useful and practical media for making teaching techniques meaningful to pupils, the Andover Junior High School faculty is engaged in experimenting with a Language Research Program that not only affords language experiences, written and oral, to pupils, but also in-service experience to teachers of all subjects as well.

An ambitious $200,000 project to create a 20-acre recreational and physical activity area at the High School has been proposed.

He Provided The Spirit Of Christmas

By Susan K. O'Neill

Time was short. I had stayed at the office too long; back at my dirty and disordered home, my in-laws were due to arrive any minute.

So I was not filled with good cheer when the editor handed me a photo that had been taken last year. I was, he said, to track down the fellow in the picture and get information for a small article about him.

Oh, joy, I thought as I trudged up to the door of the man's house. With all this work, when was I going to get time for Christmas?

Maybe, I prayed, he wouldn't be home.

But he was.

As it turned out, it was fortunate for me that he was. If I'd rushed off to orchestrate my holiday and missed Harold Livingston, I would have passed up a very real, and rare, little ray of what Christmas is all about.

Harold Livingston's slight frame is stooped beneath the weight of his 87 years. He wears hearing aids in both ears. He's not an educated man, in the high-school-and-college sense.

What Livingston is, rather, is a cross between an elf and Santa Claus. He is a craftsman and a giver and, in the mix, a truly decent person.

Ten years ago, Fr. Tom Walsh of Merrimack College noted that the creche that housed the nativity figures for the chapel's Christmas display was in disrepair. So he asked Livingston, a retired man who had been "handy" about the campus, if he would make a replacement.

Livingston—neither a Catholic nor a Merrimack alumnus—agreed to help.

Now, you or I might have knocked a few planks together with nails and called the job done. Not Livingston.

After consulting a book on religious symbolism, obtained through the Masons (he had been a member for a half-century), he decided to make the stable of cedar—a "spiritual" wood of great significance in the bible.

The infant's crib, he decided, would be crafted of acacia, the non-rotting wood from which the biblical Ark of the Covenant was constructed.

Acacia grows in the tropics, not in Massachusetts. Livingston, however, had been a florist for 45 years prior to his retirement in 1962. He had grown his own acacia tree in his greenhouse.

Livingston puttered in his cellar workshop for two weeks on the project, working the logs with a table saw, a hand saw, and, when necessary, a chainsaw. When he finished it, the stable measured approximately six by four by three feet

"I'm not like the fellow who built the boat, and it was too big to get out of the cellar," he told me. "I made it collapsible, so it could be put together with eye hooks." One or two people can set the creche up in fifteen minutes.

The stable stands at Merrimack College today. In it, the infant rests in a cradle hewn of wood from Livingston's acacia tree.

In the living room of his little house on Abbot Street, the old man showed me pictures of the stable. And of other projects he had made and given to others.

He showed me the furniture he had made—beautiful pieces in his own home.

Harold Livingston told me that he doesn't make many things now; the eyes that twinkle with such good humor behind the rimless spectacles are, he says, pretty poor for such pro-

For Those Of Us Who Are Older

By Janet D. Lake

You still have time to let the staff at the senior center know you're planning to be at the potluck luncheon next Monday, Dec. 29, at 11:30 a.m. You are invited to bring your special casserole, salad or dessert to share, but if you do not want to bring something, you can still join the festivities for $3. If you need suggestions as to what to bring, the staff will be hapy to help you. Just call. Call anyway to let them know you're coming.

Thanks to Sen. Pat McGovern, the center has a limited number of Denny's discount tickets available on a first-come, first-serve basis. They are good through December 1987.

This coming Saturday, Ernestine Belleride of 6 Alderbrook Road will elebrate her 100th birthday. Friends and neighbors are encouaged to send her birthday cards to help her celebrate the 27th. She is an active particpant in the programs at the center having attended the Elks Christmas party last week. She's hoping the weather won't keep her from her regular attendance at the bingo sessions at the center because that is what she loves to do. Help her celebrate by sending a card.

Rules and regulations governing the activities at the senior center, outlining policies of the Council on Aging, are now in print. A copy is yours for the asking at the desk. Explanations of resident-non resident policy, smoking, "under 60" and parking regulations are all included.

Don't forget, Bingo is next Monday, the 29th, right after the potluck luncheon. Come to the luncheon and stay to play.

You can still sign up for the February 25 trip to Atlantic City, N.J., home of the casinos and Miss America contest, plus a glorious boardwalk. The boardwalk may be a little cool in February, but the accommodations at the Resorts International Hotel will be most comfortable. They have saunas, whirlpool, indoor pool, restaurants and their own casino. Cost for the three-day trip is $149 double occupancy. But time is really down to the deadline. Call the center to tell them you'd like to go.

Remember, there will be no Weebus or shuttle bus on Christmas Day or New Year's Day. For transportation December 26 and January 2, you must call for your ride on December 24 or 31 before 4 p.m.

It is not too early to be thinking Spring. The Council on Aging has arranged a trip to the Boston flower Show again. Date is Thursday, March 19, and luncheon at Anton's in Cambridge, admission to the show and deluxe bus transportation is included in the $25 fee. Sign up now.

Holiday Special

Borrowers of videocassettes at Memorial Hall Library will be able to check out three cassettes for the price of two from now through January 3, according to Nancy Richards, head of circulation. New titles recently added to the collection include "Trip to Bountiful," "The Gods Must be Crazy," "Indiana Jones and the Temple of Doom," "Down and Out in Beverly Hills," "Dreamchild," "Alien," "Arsenic and Old Lace" and several other classics. The library has an extensive collection of cassettes which will appeal to children as well as instructional and educational cassettes. A brochure is available at the circulation desk.

Holiday Hours

Memorial Hall Library will close at 1 p.m. Wednesday, Dec. 24, and at 5 p.m. New Year's Eve, Dec. 31. The library will be open all day Friday and regular hours for the weekend.

Weight Program

A weight-loss program for those who need to lose 30 pounds or less and have no medical complications will be offered at the Regional Health Center in Wilmington. It will begin with an orientation session on either Tuesday, Jan. 27, or Wednesday, Jan. 28. The course is limited to 12 participants per group and there is a registration fee.

Participants will learn how to lose weight and improve nutritional habits and choices through the 12-week group sessions.

Pre-register by January 12.

Down The Years

(Continued from Page 34)

Andover Junior High has introduced into its curriculum for 7th and 8th grade levels a new approach to mathematics, commonly known as the "Yale Plan."

Violations of the zoning by-law—some small, some large—continue to plague town officials, for they are in a muddle over how they can enforce the by-law. It has been stated that official complaints will be considered, but that the town will not go looking for existing violations. On the other hand, new or prospective violations will be stomped on before they begin.

10 Years Ago — December 1976

Two Andover patrolmen, on routine cruiser patrol in the West Andover area, arrested three Lowell men in the process of relieving a home of television and stereo equipment along with other valuables in an early morning break.

A "reduction in forces" policy which places more importance than ever on evaluation was given a first official look by the school committee.

Filing of an amendment to the charter by Selectman Richard J. Bowen has aroused the ire of his colleagues. Bowen, who had asked for a discussion of a capitol budgeting program placed on the agenda for four successive Selectmen's meetings, and having the item bypassed, last week filed his proposal with the town clerk which calls for a change in the charter.

jects. He sits about. Chats; visits with friends; putters in his garden.

My visit was too brief. I had to rush off—busy season; too busy to allow me to be generous with my time. But, giver that he is, Livingston wouldn't let me leave empty-handed. He gave me a big jar of raspberry jelly that he, an accomplished cook, had made himself.

That night, I put the jelly on my kitchen shelf. I *love* home-made jelly; I would have liked to have hidden it away for my own use.

But how could I not share the gift of this generous man with my family?

And so, we'll have it some day after the hectic holidays, when we really need a little Christmas.

Donn B. Byrne

Byrne

(Continued from Page One)

Charles Wesson, after spending five years on the Finance Committee with Byrne, and several more on the Board of Selectmen, the current Chairman of the Board commented that "I personally feel that I've lost a good friend. He was a unique person...a kind of historian" often providing other board members with valuable historical background on the issues facing the board.

"He was unique," said Wesson, "in that whatever he did, he did well...he was an outstanding member of the board. Just a super guy."

Byrne was born in Methuen and moved to Andover when he was two years old. he attended St. John's Preparatory School in Danvers and was graduated from Merrimack College in 1960. He was a five-year veteran of the U. S. Army Intelligence Corps. Byrne was employed as an operations manager at Federal Graphics in North Andover and attended St. Augustine Church.

He is survived by his wife, Mary (Sullivan) Byrne, daughters, Kimberly A. and Ellen M. Byrne of Andover; a sister, Cynthia Doyle of Niceville, Fla.; a brother, Stephen R. of West Yarmouth; his mother-in-law, Mary M. (Fallon) Sullivan of Andover; and several nieces and nephews.

A Mass will be celebrated Saturday, Dec. 27, at 10 a.m. in St. Augustine Church. Burial will follow in St. Patrick Cemetery, Lowell.

Friends may call Thursday from 7 to 9 p.m. and Friday, from 2 to 4 p.m. and 7 to 9 p.m. at Burke Funeral Home, 390 North Main St.

Warriors In First Place Chinese Next On Agenda

The Warriors didn't beat the Lowell Chiefs in two tries, losing the season-opener by a goal and then dropping a re-match at the Volpe Complex by a deceiving 6-4 margin, but, there's nothing else to be glum about in summarizing the Merrimack College's hockey team's first-semester performance.

The Warriors went into exams with a 10-3 record, including a perfect 9-0 slate in ECAC II play that put them at the top of the ECAC East standings. They played in three tournaments, won two and shutout 1984 NCAA Division I national champion RPI in the consolation final of the other one. They out-scored the opposition 31-9 in the third period.

"I'm very happy," fourth-year head coach Ron Anderson reported as he began preparations for an exhibition game against the Chinese National team at Harvard on December 27. "I felt going into the year we had the potential to have a good season. Our record is a little better than I expected it to be at this point."

Merrimack's perfect divisional slate includes wins over ECAC II powers Babson (6-4), Plattsburgh State (6-3) in the finals of Plattsburgh's own tournament and Salem State (7-2), a semester-closing skirmish in Salem that snapped a five-year Merrimack losing streak in Salem's Rockett Arena.

The win at Salem State was very big, particularly when you consider Merrimack's scoring at Rockett Arena in the previous two years equalled no goals in 120 minutes of hockey. The win also marked the return of junior Jim Vesey, an All-America last season who scored 61 points. The burly forward scored two goals and assisted on two others to finish the semester with 10 goals and 11 assists for 21 points.

Vesey's point total was second to that of sophomore forward Richard Pion who had 14 goals and 9 assists for 23 points. The speedy right wing proved he is a sound defensive forward as well as an explosive offensive threat as Division I Ferris State found out in the first round of the RPI Tournament when Pion notched his first collegiate hat trick. The Warriors squandered a 4-2 lead and lost on a last-minute goal. But they subsequently shutout RPI in the consolation game.

A third-round draft pick of the Washington Capitals in June, sophomore goalie Jim Hrivnak stopped 36 shots to shutout the Engineers. Just five days earlier he recorded his first collegiate

shutout by turning away 26 shots in a 2-0 win over Norwich. His first semester record is 9-3 with a 2.61 goals against average and a 91.2 percent saves percentage. Hrivnak is 8-0 in ECAC Division II games. He was MVP of the Plattsburgh and Merrimack Thanksgiving tournaments.

"We only played two games (Plattsburgh and RPI) where we played solidly all the way through," said Anderson. "And Jimmy (Hrivnak) was the reason we won some games we didn't play very well in."

Anderson also signaled out defensemen Mike Boyce (3-13-16), David Schofield (2-9-11) and co-captain Bob Fowler (0-9-9), forwards Brad Atol (5-12-17), Andy Heinze (4-9-13) and co-captain Chris Ouellette (6-6-12) as first semester high-honors skaters. Boyce is the club's plus-minus (plus 19) leader as well as the fourth leading scorer from his backline position. Fowler has made the all-tournament team of all three tourneys in which Merrimack has participated.

However, what pleases the coach is the development of a balanced attack that already includes nine players who have reached double figures in scoring. One of the second semester's main objectives is to get forward Mike MacGregor and Jim Rickard back into the groove they skated in last year when they combined for 81 points. The duo accounts for just four points at the moment.

"We squeezed ot a couple of games the first semester, but that's what you have to do to be a good team," Anderson said. "We've still got a lot of work to do. It's a long season."

Concert

The John Oliver Chorale will hold its second concert of its 1986-87 season on Saturday, Jan. 24, at 8 p.m. at Jordan Hall at New England Conservatory of Music. The program will consist of Anton Bruckner "Messe E-Moll" and Heinrich Schutz "Musikalische Exequien."

On Tennis Team At Springfield

Stacey Phillips

Junior Stacey Phillips of Andover was a member of the Springfield College women's tennis team which posted a 14-2 reord this fall.

The Maroons, coached by Vern Cox, also won the Northeast-8 Conference and the New England Division II championships. The Northeast-8 Conference consists of American International College, Assumption, Bentley, Bryant, Merrimack, St. Anselm and Stonehill.

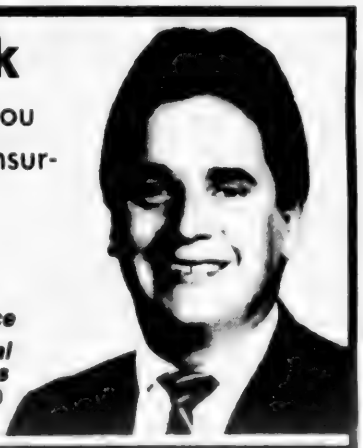

Phillips, a physical education major, is a 1984 graduate of Andover High School where she was a member of the track and volleyball teams. She is the daughter of Mr. and Mrs. Richard Phillips, 26 Algonquin Avenue.

Women's tennis is one of 27 intercollegiate varsity sports at Springfield College.

Patriots Assist

The New England Patriots have managed to pick up $48,300 for the Boys & Girls Clubs with their scoring.

They have scored 103 points in five preseason games and 380 points in their 15 season clashes for a total of 483 points. Each point scored means $100 for the Boys & Girls Clubs, a non-profit community organization that supports the activities of more than 5,000 youngsters, from Frito-Lay, maker of Lay's and Ruffles brand potato chips and Fritos brand corn chips.

Last year the Patriots earned $55,600 with their total of 556 points. In the 15-season games, the Patriots failed only once this year to score 20 or more points in a game. That game as against Cincinnati.

Stress

The Massachusetts Society for the Prevention of Cruelty to Children reminds you this is a high stress time for families. In the rush of shopping, wrapping and holiday happenings, are you considering your children?

Some tips for easing holiday stress:

Secure adequate child care.

Take time for young children to share their day. They, too, are experiencing holiday excitement.

Examine all toys for safety.

Minimize the commercialism of gift-giving. Competition for the latest toys heightens a child's anxiety.

Don't leave children alone in cars while doing errands.

Try to maintain household routines. Children thrive on predictable schedules.

When You're Dashing Through The Snow This Holiday Season, Please Buckle Up.

Paedeia Seminar A Success

A group of 18 seventh-graders at Doherty Junior High School particiated in the first Paedeia seminar held at the school on Friday, Dec. 12. The students were chosen by a random sampling from among a larger group who were all available for a solid 90-minute block of uninterrupted time. About ten days in advance of the seminar, the students assembled with Principal Dr. Richard McGrail, Vice Principal John Hughes and Paedeia Seminar Leader Douglas Halsted to talk about the procedures and receive copies of "The Little Prince" by Antoine de Saint Exupery, the book to be discussed.

The seminar started with a lively discussion about the participants' interpretations of the author's opinions concerning grown-ups and children. There followed questions about the roles and responsibilities of children and adults in general and in today's society in Andover in particular. The discussion then turned to the question, "Who was the Little Prince?" Some felt he was a Christ symbol, others felt he was a symbol of the child in everyone or in Saint Exupery. The seminar ended in a round-robin discussion of the character (other than the little prince) each participant most sympathized with, pitied or despised.

After the discussion about five minutes was spent evaluating the seminar. A Paedeia seminar is defined as successful if three criteria are met: 1. the participants end with an enlarged understanding of the material; 2. they leave with greater insights; 3. they still have questions at the end.

The participants agreed that these criteria were met. Many said they had gained new and different feelings about "The Little Prince" because of their exposure to others' opinions. Some said they enjoyed expressing themselves freely, without feeling that there were any right or wrong answers. They revelled in the fact that they were not graded on what they said or felt.

McGrail, Hughes and Halsted were pleased with this first Paedeia seminar at Doherty. They look forward to more seminars of a similar nature with different students discussing different books.

Students participating in this seminar were Jennifer Ashlock, Eric Behling, Virginia Blais, Emily Curtiss, Matthew Dahlgren, James Damon, Matthew Daniels, Elisabeth Derby, Emily Girdwood, Justin Lattanzio, Tyler Maheu, Megan Mann, Laura McAvoy, William Owens, Kim Prentiss, Amanda Smith, Allen Soong and Dana Wald.

Over 3400 Cans Of Food Collected

By Marci Schwartz

The student council collected more than 3400 cans for three local organizations through the annual schoolwide canned food drive. Students who contributed a great deal of time and effort to the two-week drive include Kristin Adams, Lesley Brammer, Danielle Costanzo, Bridget Murphy, Andrea Napolitano, Eddie Owens, Erin Sullivan and Ellen Young.

Student council members in grade nine visited the Professional Nursery for Handicapped Children on December 17 for a Christmas celebration. The trip was so successful that the students hope to make the visit a monthly event. Mrs. Patricia Cupp is the advisor to the council.

The school gathered on Tuesday, Dec. 6, for a holiday concert. Five musical groups performed: the orchestra, band, several choruses, bell choir and a French class. A special thanks to Mr. Keith Gould, Mr. Steve Heimlich, Mr. Steve Piermarini and Mr. Doug Halsted for their successful efforts in organizing the concert. Parents attended an evening holiday performance.

Gillette Announces Plan To Increase Profitability

The Gillette Company announced that its board of directors has approved a restructuring plan and a series of actions designed to increase cash flow and accelerate earnings growth in 1987 and beyond. The steps will result in a one-time, pre-tax charge to earnings in the fourth quarter of 1986 of approximately $190 million.

The charge is expected to result in the company reporting a substantial loss in the fourth quarter, but it will report a profit for the full year 1986.

An analysis of all aspects of the company's businesses is under way with the objective of downsizing or, if appropriate, consolidating operations. In anticipation of these actions, a reduction of about 2,400 people, or 8 percent of the company's worldwide work force, will occur through retirements, attrition and employee severance plans for all staff and operating units. The majority of these reductions will be completed within the next three months.

Additional measures will include selling or discontinuing several small business units, phasing out investment in oil and gas properties and selling several real estate properties.

"These actions, when coupled with long-standing programs of strict control over product costs, overhead expenses and working capital, should accelerate the previously planned rate of profit increase for the future, while assuring vitality in major existing product lines. The cumulative impact of these efforts is directed towards maximizing stockholder value," said Colman M. Mockler, Jr., chairman and chief executive officer.

The board has authorized, depending upon market conditions and other factors, the purchase of up to 7 million shares of stock from time to time in the open market or in privately negotiated transactions. The company has begun making purchases under this authorization.

The board of directors declared the regular quarterly dividend of 34 cents per share payable March 5, 1987, to stockholders of record on February 2, 1987.

If the roads aren't perfect where you live,

you're ready for an Audi.

The 1987 Audi 4000CS Quattro **$19,850***

Rough pavement. Loose gravel. Bumpy patches. The 1987 4000CS Quattro with permanent all-wheel drive goes a long way toward dealing with road conditions. Traction efficiency is maximized by distributing the engine's power to all four wheels all of the time. The result is an enhanced feeling of driver control. On any road. In virtually any weather.

Come in for a test drive soon. You can feel the difference permanent all-wheel drive makes, even on a perfect road.

*Manufacturer's suggested retail price. Tax, registration, dealer delivery charges additional.

And Park Audi is ready for you.

Record Sales At Rockingham

Rockingham Toyota-Dodge on Main Street, Salem, N.H., has been setting record sales since its doors opened in March 1985.

Emmett Horgan, owner and general manager, has made tremendous changes, not only on the selling floor, but especially in Rockingham's award-winning service department. "I believe our future lies with the customers we sell and service today!" Evidence of his philosophy is the distinguished Toyota Service Excellence Award Rockingham has won. "It looks like we're going to do it again," said Clay Todd, general service manager. "We work closely with every customer, one-on-one, to be sure our customer is getting the very best service."

In appreciation of their success, Horgan is finishing this calendar year with the "biggest sale ever!" For six days only, Dec. 26-Dec. 31, all Dodges are being sold at $99 over dealer cost, 1987 Toyotas sold at 1986 model year prices.

"The success we've had is no accident," says Horgan. "We keep giving our customers better and better reasons to buy with us. This sale is a perfect example."

Trucks

(Continued from Page One)

decreased the efficiency of local businesses and shifted the resulting burden of increased operating costs to the consumers.

Town Manager Kenneth Mahony explained to the petitioners that the truck prohibitions had originally been set in place as an experiment, an attempt to improve the safety of the narrow rural-type roads. Unfortunately, he said, the experiment had failed because truck drivers had sought alternate and, as it turned out, equally unsuitable routes.

"My experience with this truck traffic is that, every time you make a move...you don't eliminate the problem—you shift it," he said. "It's sort of like bubble gum, when you use it to plug up a leak—the water just comes out all over the place."

The real answer to High Plain Road's problems, he said, would be to widen and straighten the street and build sidewalks. He added that, although there was little he could do to change it, he sympathized with the residents' plight. "It's tough to say to your children, 'You can't play in the front yard unless you learn to stay away from the traffic,' " he said.

Mahony urged the board to except Clark Road from their lifting of the truck ban. That prohibition was effected to channel traffic through Lowell Junction, he explained; trucks do not have to use the road because they can use an alternate exit from Route 93.

Mahony added that the state had agreed some time ago to post signs on the highway directing trucks to exit at the appropriate road. As is often the case with state projects, he said, the signs were not yet in place—even though he had offered to paint them himself if they would install them.

Selectman Gerry Silverman told the business petitioners that the town had never intended the ban to inhibit locally-based commerce.

Speech and Language Pathologist Judy Heerlein conducts an evaluation.

Northeast Speech & Hearing Center

Communication disorders are this nation's most prevalent handicapping conditions. More than 22 million Americans have speech, language or hearing impairments. Many of these people can be helped by trained professionals; but very often they do not realize that help is available or how to get it

-Am. Speech & Hearing Assoc

Help *is* available at the Northeast Speech & Hearing Center, a private facility providing diagnostic and therapeutic services in the areas of speech, language and hearing. Their services are offered to persons with suspected communication disorders of all age groups.

The Center is staffed by qualified, professional audiologists and speech/language pathologists with Masters' degrees. The Audiology staff consists of Mary Ann Brockway, Denise Leblanc and Janey Sherman. Judith Heerlein and Paula McDonough staff the Speech & Language Dept.

Audiology Services include hearing evaluation, tympanometry to determine middle ear conditions, central auditory testing, hearing aid evaluation and dispensing, and aural rehabilitation. It is important for those with hearing loss to note that the days of cumbersome hearing aids are a thing of the past. New technology has made it possible for almost all clients to be fitted with "all in the ear" hearing aids. The Center also provides a service almost as important as determining the appropriate hearing aid -they follow up with the client to insure that they are using their aid properly, and they continue this follow-up until the client is using the aid comfortably.

The Speech & Language services include working with common communication disorders including articulation, aphasia, delayed child language, stuttering and laryngectomy. The Speech and Language pathologists are available to their affiliated hospitals to do bedside evaluations for victims of aphasia.

NSPC is open weekdays from 9-5. Tues until 8:00. Locations: 198 Mass Ave, N. Andover (688-6491), 288 Groveland St, Haverhill (373-2202), 23 Stiles Rd., Salem N.H. (688-6491).

Television star Scott Valentine, who plays Mallory's boyfriend, Nick, an unemployed artist, on the hit NBC-TV comedy series "Family Ties," joines hundreds of custom vehicles and special attractions at the 13th annual Budweiser World of Wheels motorsports expo in Boston's Bayside Expo Center January 9-11.

Valentine landed the part of Nick when he moved to Los Angeles after recovering from a motorcycle accident in Manhattan that left him unable to walk. His study at New York's American Academy of Dramatic Arts and his portray al of Nick has resulted in so much critical praise and audience response that NBC has produced a pilot for a "Family Ties" spin-off starring Valentine called "All the Way Home."

Valentine will appear at the Budweiser World of Wheels on Saturday, Jan. 10, from 1 p.m. to 4 p.m. and 7 p.m. to 10 p.m. and Sunday, Jan. 11, from 1 p.m. to 5 p.m.

I.T. Roberts Auto Body: A Modern Shop For Modern Times

As it has done to many other industries, high tech has begun to invade the auto body industry. Many smaller facilities are finding it difficult to keep up with the current demand for high tech equipment and special new materials which are needed for auto body repairs on new vehicles. I.T. Roberts Auto Body, however, has had no such difficulty.

Observe "The Chief" in the photo above. No, "The Chief" is not one of the staff, but rather the elaborate piece of equipment in front of the staff. "The Chief" is one of the examples of the high tech equipment I.T. Roberts Auto Body employs to better serve its customers. "The Chief" actually refers to the Chief E — Z Liner II which is a precision body squaring and alignment system. "The Chief" is designed to handle repairs on vehicles with unibody construction.

I.T. Roberts Auto Body, located at 11 Blanchard Street in Lawrence, has been in business for seven years. During that time they have proven themselves to be a shop providing high quality workmanship that they can be proud of. Tom Moreau, Manager of I.T. Roberts Auto Body, takes pride in the fact that the "facility itself is one of the brightest, cleanest auto body shops around." At I.T Roberts you'll find trained auto body technicians ready to repair large or small collision damage back to factory condition. Mel Sciuto, foreman, oversees the staff of technicians including Tom Murphy, Rick Moreau and Donald Brown. Jim Cassell takes care of building maintenance while Sis Wholley handles the office duties.

Stop by and see their facilities Monday through Friday from 8:00 - 5:00, or call 685-7677. The Staff at I.T. Roberts extends its wishes for Happy Holidays.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by **Karen Wilson** to **First Essex Savings Bank**, dated June 29, 1984, recorded in the North Essex Registry of Deeds in Book 1829, Page 280, of which mortgage the undersigned is the present holder, for breach of the conditions contained in said mortgage and for the purpose of foreclosing, the same will be sold at public auction on the premises numbered 10 River Road, Andover, Massachusetts, on January 20, 1987 at 11:00 A.M., all and singular the premises described in said mortgage, to wit:

The land with the buildings thereon, situated in Andover in the County of Essex and Commonwealth of Massachusetts and bounded and described as follows:

Beginning at a point on the road commonly known as River Road at the Northwesterly corner of the granted premises; thence running Southerly four hundred and thirty-five (435) feet along a proposed street called Bailey Street; thence turning and running Easterly one hundred and ten (110) feet by lot #8 on a plan hereinafter described; thence running Northerly four hundred and eighteen (418) feet to River Road, shown on said plan as Lowell Road; thence turning and running Westerly one hundred and five (105) feet along River Road to the point of beginning.

Meaning and intending hereby to convey lots 9 and 10 as shown on a plan of Stevens Park, West Andover surveyed 1910, John Franklin, C. E., said plan is recorded in the North Essex Registry of Deeds as Plan #135.

The premises will be sold subject to any and all unpaid municipal taxes and other municipal assessments and liens, and subject to prior liens and other enforceable encumbrances of record entitled to precedence over said mortgage.

$2,000.00 will be required to be paid in cash or certified check or bank treasurer's check by the purchaser at the time and place of sale. The balance is to be paid in cash or by certified check or bank treasurer's or cashier's check within twenty (20) days thereafter to be deposited in escrow with the office of Eaton & Chandler, P.C., 234 Essex Street, Lawrence, Massachusetts, pending approval of said sale by the Land Court. Deed is to be taken within ten (10) days from the date of approval of said sale by the Land Court. Other terms will be announced at the sale.

PRINCETON PARK

T·H·E M·E·A·D·O·W·S

Recapturing the country charm, the gracious living of another era.

Pre-completion prices from the $140's.

The Meadows is a community of elegant colonial and ranch homes situated on the old Anderson Farm. Here you'll find things the way they used to be, the way they should be — with apple trees, stone fences, blueberry bushes and country paths. Yet you'll enjoy all of today's resort-style living.

Spacious Homes.

The two and three-bedroom homes are attached by breezeways at the garage to achieve a separate single-family home effect. Design emphasizes space, with Euro-style kitchens as great rooms, cathedral ceilings, skylights and private decks. Features include brick entry steps, cedar siding, brick fireplaces, fully appointed kitchens with microwave ovens, central air conditioning, and automatic garage door openers. Extra insulation and gas heat ensure energy-efficiency. Townhouses offering many of the same features are also available from the $120's.

Exceptional Amenities.

Century Village vacation living includes a 10-acre pond with docking facilities and a jogging trail with exercise stations (both underway), park-like areas, an outstanding clubhouse, swimming pools, fitness center and tennis courts.

Convenient to Boston.

Just a mile off Rt. 93, The Meadows offers easy access to Boston. And you're only about an hour away from the ocean, lakes and mountains.

Recapture the romance of another time. Today. Come visit The Meadows.

The Meadows is developed and built by Ashwood Homes of Nashua.

THE UNFINISHED HOUSE

From an investment standpoint buying an unfinished house can make good sense. During the mid 1970's first time home buyers were increasingly being priced out of the market. Builders started offering homes that were unfinished in certain respects. A bathroom for example would have roughed-in plumbing and heating and cooling vents. It was unfinished however in terms of fixtures, decorating, etc. The idea was to sell the home for less money. It allowed the buyer to save labor costs either by finishing the area himself or by letting the area remain unfinished until sufficient funds could be accumulated to hire skilled laborers. The idea of marketing an unfinished house caught on. Today it represents an alternative for a buyer who would otherwise be excluded from buying a new first home.

Today many first time buyers think in terms of buying a condominium. Our staff of professional real estate personnel at **CENTURY 21 SHAWSHEEN REALTY, INC.** offers prompt, dependable and personalized service in all phases of real estate. Whether you are buying a new house, a re-sale, or are thinking about a condominium feel confident we will give you the proper guidance every step of the way. Our outstanding reputation is built on complete client satisfaction so call us at **470-3875** to discuss your particular needs. We are located at 8-10 Haverhill St. **470-3875.** We are open daily, evenings and weekends.

EMINENT DOMAIN

If your town or city wants to build a highway and your home is in the way, can it take your property without your consent? The answer is yes! It can do it by the power of eminent domain. This is the right of the government to take private property for public use with just compensation paid to the private property owner.

The term condemnation refers to the power of the government to take private property for public use or benefit. The government does not need the property owner's consent. Again, under condemnation proceedings, the property owner is entitled to a fair price for the property.

Usually, when a town considers taking a property, it will hire an appraiser to determine value. The town will then offer the owner this appraised price for the property. If this amount is not acceptable to the owner, he or she has the right to recourse in court to challenge the price but not the taking. If not satisfied, the owner may appeal this price decision

The Hawkswood Estate at Point Shore:

Incomparable Elegance
At An Understated Price

We have something splendid here.
A private and very special place.
A haven on a ten-acre penninsula overlooking one of New England's great rivers and 450 protected acres where eagles, heron and osprey come to nest.
Most emphatically, these dwellings are not the typical "condo," the smallish place one settles for when his "real" home becomes too much of a bother. No, these are 2,500 to 3,500 square foot units— elegant, spacious, secure and private.
Very, very private.
The Estate contains only 18 homes, all on the waterfront.
The final three units are now available. We believe the quality of the construction, amenities and materials— even to the smallest details— cannot be approached anywhere on the North Shore at this price.
The interiors are exquisitely appointed: Italian marble in the foyer and bath; a grand turning staircase leading to the second floor: Jennaire, Amana, Beckermann, and Grohe in the kitchen.
Garages for your cars and a dock for your boats. Professionally maintained grounds. Services of an interior designer, at no charge, for help in the completion of the decor.
And so on.
You may look upon Hawkswood as a vacation home that you're fortunate enough to live in year round.
Or as one of the last remaining gracious havens within the North Shore, yet only minutes from downtown Newburyport.
Or as an attractive alternative to paying up to twice as much for not as much in one of the better parts of, say, Boston.
At any rate, if you're prepared to invest between $385,000 and $465,000 to fulfill a slightly immodest dream, we would be happy to arrange a private showing of our furnished model unit.
The sales office is open Wednesday through Friday from 4 to 7 p.m.; Saturday and Sunday from 1 to 4 p.m., or by appointment. For additional information call (617) 975-5555.

REAL ESTATE GUIDELINES

By Robert Bryan
Realty U.S.A.
Schruender Real Estate

PREPARING FOR AN "OPEN HOUSE"

On Sunday afternoons, Open House signs sprout up in neighborhoods around the country in front of houses that are for sale. The idea is to give prospective buyers easy access to these homes and to help agents sell their listings. If your home is being held open, there are important steps you can take to help it look its best.

First, make the house shine, inside and out. Mow the grass, go through each room with a vacuum and broom, scrub the bath and the kitchen, put all the toys in the toy box, and get any clutter out of sight. Open up your curtains and blinds to let the light shine in, and try some fresh flowers to dress up your dining room. Then, once your agent arrives, get out of the house. Leave! Go to the movies or visit some friends. Even if you think you're needed to point out all of those little things you've done to make your house special, resist the urge to hang around. Prospective buyers will be more at home in your house if you aren't around, and it's important for them to feel comfortable if your agent is to help them fall in love with your home.

If there's a move in your future, contact the professionals at **Realty USA Schruender Real Estate** would be glad to discuss our marketing services with you. Please call us at **685-5000** or stop by our office at **73 Chickering Road, North Andover.**

Year Ahead Will Be One Of Stabilization

By Susan K. O'Neill

For the town of Andover, predicts Town Manager Kenneth Mahony, 1987 will be a year of apparent stabilization.

"While I don't expect development to slow," he says, "I suspect that the *perception* of development will be that it will slow."

Beg pardon?

Take, for instance, says Mahony, the town's acquisition of conservation land. Although Andover will continue to try to acquire greenspace—and presently has authorization to acquire "at least a dozen more parcels," he says, "We're going to try to get more 'into' the management of property we already have."

Or, too, there's the housing market: Mahony predicts that it will seem less harried than it has been. There are plenty of homes on the market; more are being readied for occupancy on speculation every day. With more homes than buyers, he feels, the buying and selling will be there—but the panic and turmoil should not.

The year 1987, in short, should present a good chance for the town to continue to set its various houses in order.

Accordingly, the coming year will bring an increased emphasis on preparation. The Fire Department will undergo intensive training in 1987, says Mahony. The Police Department will continue to examine its systems and methods, and work to bring itself to a level worthy of accreditation—which, says the town manager, should come in mid-1987.

And town personnel will undergo crosstraining in order to find out what happens in other departments. "We've got a lot of new people who just don't know the whole operation," says Mahony. The enlightenment sessions for these individuals and departments will be preserved on videotape, he adds, and used to trair new employees.

"So you see," he says, "We're into the computer age here."

Which reminds him—the town plans to broaden its use of its computer systems.

Barring all complications, says Mahony, the year should bring a number of completions. Probably the most hoped-for and visible of these will be the addition to the library.

Yes, Virginia, says the Town Manager—it *will* be finished in 1987.

The Riverina pumping station should also be completed; if Lawrence finishes its companion project, it should be on line relatively soon.

And, of course, there are the Shawsheen Village lights; installation should begin this spring.

Mahony also foresees a number of impressive beginnings for 1987.

The paperwork is now in order for the building of a new central post office on Stevens Street.

The water processing operation at Haggetts Pond should—"God and the Environmental Protection Agency willing," interjects Mahony—begin construction on a supplementary system that will double the plant's capacity.

And there is Emerson College.

Maybe.

Although the college's somewhat controversial plans to move to the area do not now include actual acreage in And-

Preliminary Plan Is Approved

On Dec. 23, the Planning Board approved preliminary plans for "Tucker Farms," a four-lot subdivision planned for a location off Tucker Road.

The board disapproved preliminary plans for another potential subdivision, "Clover Field Estates," planned for 34 acres off Chandler Road.

Definitive plans for a third subdivision, "Hawk Ridge," which would comprise seven lots off Rattlesnake Hill Road, were withdrawn by the developers with the board's permission.

The board also heard staff presentations of two site plan reviews—for the expansion of Old South Church, and for the renovation of the Reginald Marden law offices. No recommendations were made; the staff will re-present the reviews, with additional information, at the next Planning Board meeting on Jan. 13.

Financial Aid Information Nights Set

All parents of Andover High School seniors interested in financial aid information should mark calendars for the following dates:

On Tuesday, Jan. 6, Christine Mordach, financial aid director at Merrimack College, will explain the financial aid form and discuss the general philosophy of financial aid.

On Monday, Jan. 12, Joseph McCarthy, formerly the financial aid director of University of Massachusetts at Boston, will discuss interest regarding financial aid such as the single-parent family, owning your own business, managing assets, pre-payment plans, etc.

Both information evenings will be held in the Collins Center at Andover High School and will begin at 7 p.m.

It should be noted that the dates are different than those published on the yellow counseling department calendar distributed in September.

Contact the counseling department office with any questions regarding either program.

Attended Training Course

Steven Migliori of Andover's water department attended a two-day training course on water fluoridation sponsored by the dental division of the Massachusetts Department of Public Health. Andover has been fluoridated since 1969.

The course included demonstrations and discussions on various pieces of fluoridation equipment and hands-on work with testing equipment. The health benefits of fluoridation were also stressed. Fluoridation reduces tooth decay by up to 70 percent and osteoporosis (brittle bones) among older persons by up to 40 percent.

Ski Excursion Sunday

The Andover Committee of the Appalachian Mountain Club will conduct a cross-country skiing excursion Sunday, Jan. 4, at a local or nearby location to be chosen by leader Tom McGrath, 16 Balmoral St., Andover. This event is free and open to the public. Families are encouraged to take part. Should local conditions be unfavorable for skiing, the group will hike instead.

Center Members Aid Home

For the last four years the members of the Lawrence Jewish Community Center senior citizen group has made the holidays a little brighter for the children at St. Anne's Home. It was decided that instead of buying gifts for each other, it would be a "Mitzvah" (good deed) to share their happiness with the children of St. Anne's.

Barbara Berman, senior citizen director, and Irving H. Linn, executive director of the Jewish Community Center, made the presentation to Dr. Patrick Villani, director of St. Anne's.

BABY TALK

by Jack Resnick

No study anywhere has indicated that mothers are the only people capable of raising young babies. It has been observed many fathers and grandparents who seemed well suited to the task and were willing or eager to share the job. Most of the time fathers and grandparents usually have such limited opportunities to share the many exciting and memorable everyday events in babies' lives. Babies begin life and get to know the world only once. And early experiences play a major role in shaping the future of each new child.

Is there a baby on the way? Get ready to welcome it by shopping at TINY TOTLAND Open 9-5:30. Mon. & Th. 9-9. M C & Visa honored. Free Lay-a-way available. Leading brand name furniture, toys and gift items are available at **TINY TOTLAND, 1111 Elm St., Manchester, N.H.**

Cello Recital At Academy

The music department of Phillips Academy will present John Whitfield, cellist, in recital at Graves Hall on Sunday, Jan. 11, at 3 p.m.

The program will include Bach's "Suite No. 5 for Cello, Sonata Op. 6" by Samuel Barber and works of Beethoven and Henri Dutilleux.

Whitfield began his private studies at age 11 with Phillips Academy's music department chairman William Thomas who was a graduate student at Penn State University at the time. Since then Whitfield has earned his bachelor's degree at the North Carolina School of the Arts where he distinguished himself by performing chamber music with faculty members in North Carolina, Germany and Italy. He received the school's Guianini Award in 1982.

Whitfield is completing his master's degree at the New England Conservatory.

IF EXERCISE SEEMS TOO MUCH LIKE WORK,

MAYBE IT'S TIME YOU LAID DOWN ON THE JOB.

Ever notice that getting in shape sounds like a great idea until you actually get around to it? You may have discovered that results don't come overnight, but muscle strain and soreness often do.

INTRODUCING THE NO-SWEAT WORKOUT.

At Slender You® Figure Salon, we're going to reshape the way you feel about exercise. We have six different motorized tables that do the hard work *for* you. Each one is designed to exercise a specific part of your body—stomach, hips, legs and upper arms.

Rather than *building* muscle (which conventional workouts often do), the Slender You® concept helps to *tone* and *firm* your muscles, while breaking down unwanted "cellulite." And unlike traditional exercise, a Slender You® shape-up leaves you feeling refreshed and energized, not fatigued and out of breath.

YOUR FIRST SESSION IS ON US.

We're so positive you'll like what you find at Slender You®, we're offering a *free* first workout and figure analysis. You can see how you like it, and then decide whether to make another appointment. You're under no obligation.

NO CONTRACTS OR MEMBERSHIP FEES.

At Slender You®, you pay as you go. No expensive memberships, no advance payments and no obligations. You can quit whenever you'd like. So try the Slender You® workout. You've got nothing to lose but inches and pounds. And that's where we can help.

Suburban Healthcare Center on Stevens Street...The School Committee discussed the concept of installing an **OMBUDSMAN** in the school system to ease contacts between disgruntled townspeople and the schools' administration and staff. The suggestion arose because of the highly publicized South School incident involving the harassment of a Polish student, who left town in March...Andover High School lost a number of windows in its front entrance to **VANDALISM**...Andover police arrested two local men, John and Sean Hurley, at DeMoulas in Shawsheen Village as they tried to **FLEE THE STORE THROUGH AIR CONDITIONING DUCTS** shortly after midnight...Graduating AHS senior Karen Hodgkinson won the title of second-best **SHOT-PUTTER** in New England with a toss of 41 feet nine inches at the New England Track Meet...School Superintendent Kenneth Seifert announced that he is seeking funds from the Merrimack Valley United Fund, Inc., to begin a local **BOYS/GIRLS CLUB** at the West Junior High School...The Planning Board locked horns with developer Chester Sullivan over problems of **LAND STABILIZATION** and construction-site safety in the 85-lot Olympic Village subdivision, under phased construction off River Road...The Department of Community Service has begun its summer **MONDAY NIGHT MOVIE** program...Town planners are working toward the development of a master plan for **TOWN ROADS**.

July

The **POLICE, FIRE and PUBLIC WORKS** contracts with the town lapsed Monday night, but the departments will continue to operate normally. According to Town Manager Kenneth Mahony the delay in completing negotiations has been caused by time constraints...Renovations of both the **OLD TOWN HALL** and the **MEMORIAL HALL LIBRARY** are progressing slowly. Architect Ann Baha is still in the process of evaluating the reconstruction needs of the old Town Hall. The library was expected to be finished in September, but the completion date has now been pushed back into November...In conjunction with their 25th anniversary, the **ANDOVER LODGE OF ELKS** held a four-day carnival in the town office parking lot...Representatives of **EMERSON COLLEGE** and the **BOSTON CONSERVATORY** were given a deluxe tour of Emerson's proposed relocation site, part of which is in Andover. The two schools may share property and courses on the new campus with a possible merger in the offing in the next decade...**BANCROFT** school teacher **IRENE C. CRANE** has been awarded a $250 prize by the **JOHN F. KENNEDY LIBRARY** for her work in teaching about state and local government and public affairs...As they lifted the "stop work" order on the **OLYMPIC VILLAGE** subdivision, the **PLANNING BOARD**

gave developer **ED PATENAUDE** a list of conditions he will be required to meet. In addition, the board will be closely monitoring construction of the development to make sure that it is proceeding according to a negotiated schedule...The new **PROFESSIONAL CENTER FOR HANDICAPPED CHILDREN** opened its doors with 22 professionals and paraprofessionals who will work with about 200 children this year alone...**NEW ENGLAND TELEPHONE** will place a utility box up on a pole on **FARRWOOD DRIVE** because of a resident's objections to the planned placement in front of his home...A new **CURRICULUM POLICY** approved by the **SCHOOL COMMITTEE** sets up guidelines in order to provide consistency among various schools with the same grade levels. In other words, all students at one grade level will be presented the same curriculum, but the way in which that curriculum is presented may vary from school to school and teacher to teacher...The $30 fee to submit a petition for a variance or special permit from the **ZONING BOARD OF APPEALS** was raised to $125 by the **BOARD OF SELECTMEN** despite Selectman **BILL DALTON'S** objection...Conservation agent **VIRGINIA HAMMOND** announced that Andover may link its greenspaces with those of some 50 other communities. It is an effort to join all greenspaces together for use by bicyclers and others...Developer **RUSSELL DOYLE** presented the **PLANNING BOARD** with plans for the **QUAILCREST** subdivision, to be built on 83 acres opening onto **RIVER ROAD**...While under construction, **MEMORIAL HALL LIBRARY** is nearly inaccessible to the handicapped. The access ramp had to be removed during construction of the new wing, and one handicapped girl in a wheelchair cannot attend the children's movie program held on the third floor. Library Director **NANCY JACOBSEN** said that although she feels bad about the situation, there is nothing that can be done until construction progresses. That construction is not expected to be complete until late in 1987...Officer **JOHN "JACK" MILNE** was awarded the **DAVID L. NICOLL AWARD** as policeman of the year. The award is given to a policeman for acts of heroism or overall performance in his or her position. Officer Milne is the Safety Officer for the town, and presents

many in the town's schools...**EILEEN D. WOODS** was named the new principal at **SANBORN ELEMENTARY SCHOOL**. Mrs. Woods was formerly a teacher in the Reading School System, where she was involved in developing the programs for gifted and talented children...**A COMPREHENSIVE PERMIT** application was submitted to the **ZONING BOARD OF APPEALS** by Developer **PAUL BRUK, JR.** He intended to build 36 units of moderate-income housing in the Summer St. area if the petition were to be approved. The comprehensive permit process requires the developer to appear only before the zoning board instead of all boards that normally may be involved with such a development...The town received **$146,192** in grants from the **STATE DEPARTMENT OF EDUCATION** under Chapter 188, the education reform law of 1985...

August

The **CENTRAL ANDOVER RESIDENTS ASSOCIATION** was formed to bring residents in the downtown area together to take an active role in projects planned in their neighborhoods. The group's major concern was the moderate-income development planned by Paul Bruk to build on eight acres of land within a mile of the central business district. They fear an increase in drainage problems for the neighborhood should the development be approved by the zoning board...A new, strict school bus **DISCIPLINE CODE** was approved by the **SCHOOL COMMITTEE**, implementing uniform punishment for violations of the code...A two-hour **PARKING LIMIT** was put into effect in much of the central business district. Signs designating a **15 MINUTE LIMIT** were installed in front of the **POST OFFICE** and **CVS PHARMACY**...The **BOARD OF SELECTMEN** approved the moving of a house along a stretch of **RIVER ROAD**...The **PLANNING BOARD** gave expansion plans of **DIGITAL EQUIPMENT CORP.** and **RAYTHEON** favorable reviews after the **BUILDING DEPARTMENT** requested their advisory input...Conservation lands in Andover were improved when the **ANDOVER VILLAGE IMPROVEMENT SOCIETY** cleared many of the trails and posted maps of the lands in the **HAROLD RAFTON, BAKER'S MEADOW** and **DEER JUMP RESERVATIONS**...**J. EVERETT COLLINS**, a man known as one of Andover's most distinguished citizens for his contributions to both the musical and community life of the town, died **August 8**...Residents in the **FOSTER'S POND** area protested a petition to allow the construction of a house on the **GLENWOOD ROAD EXTENSION** before the **ZONING BOARD OF APPEALS**. The home would not have frontage on a public way, but no other home on the "road" does either. Protestors complained of an overcrowding of the area...The **SCHOOL COMMITTEE** raised school lunch prices from 75 cents to 85 cents in order to make up for the expected increase in the cost of providing those meals for the town's school children...10-year-old **ANDREA MARINO**, an Andover resident, once again performed in the **"FLIGHT OF THE ANGEL,"** the culmination of the procession of the **FISHERMAN'S FEAST** in Boston's North End...The **SCHOOL COMMITTEE** made plans to meet with the **FINANCE COMMITTEE** and **BOARD OF SELECTMEN** to discuss their individual budgetary needs for the next fiscal year...The **CHILD CARE COMMITTEE**, organized by town manager **KENNETH MAHONY** under the direction of the **BOARD OF SELECTMEN**, distributed questionnaires to town residents to gain information regarding residents' day care needs. They were then to compile the information and suggest effective solutions to those needs expressed...**TARYN MARKEY**, 15, an Andover High School student, was named **MISS TEEN MASSACHUSETTS**...The **PLANNING BOARD** announced that its policy of excluding staff memos from public distribution has been upheld by town counsel **ALFRED DANIELS**...**NORTH ANDOVER** began receiving **ANDOVER WATER**, but not via the tap. Residents of North Andover had to transport it by hand to their homes...**GOULD, INC.**, announces that it will lease space in the **BRICKSTONE PROPERTIES** in North Andover, but will still maintain its manufacturing space in Andover's **SHETLAND PROPERTIES**...**REV. GORDON MARCELLUS, OSA**, was named associate pastor at **ST. AUGUSTINE'S** church...The **PLANNING BOARD** issued a non-binding recommendation against **PAUL BRUK'S** proposed comprehensive permit application to build 36 units of moderate-income housing in the Summer St. area to the **ZONING BOARD OF APPEALS**, citing the sensitivity of the site, drainage and traffic concerns, and the inadequacy of sewer service...

Two on Fire Chief Harold Hayes' staff were promoted to Lieutenant status, while Police Chief James Johnson promoted two to Lieutenant and four to Sergeant status...The **PLANNING BOARD** voted to approved preliminary industrial subdivision plans for "**WOODLAND PARK**," located at the intersection of River Road and Rte. 93, known as the "old **WANG PARCEL**"...An Andover **HIGH SCHOOL TEACHER** of Social Studies, **PHILIP E. NELSON**, was convicted on charges of assault and battery of a 20-year-old Belmont woman. Other charges related to the incident—attempted kidnapping and indecent assault and battery—were dropped. Nelson was sentenced to six months in prison and one-and-one-half years probation. Later in the month, Nelson was dismissed from his position at Andover High. Between the time of his arrest and his conviction, the school system had continued to employ Nelson on a special project outside the classroom...**A 1.89 acre lot, located at 12 RAILROAD AVE.**, sold for nearly **$2.5 MILLION**...**PICWEL BUILDERS, INC.** was involved in the submission of two petitions for **COMPREHENSIVE PERMITS**. Picwel will act as both owner and developer on the **ARGILLA ROAD** property, a portion of which has deed restrictions disallowing further development. For this land, Picwel proposed 17 two-story modified Victorian Capes, with a total of 70 units, 30 percent of which will be made available as low-moderate income housing. The other property on **NORTH ST.** will be owned by **NORTHWOODS, INC.** of Lowell with Picwel as developer. The proposal consists of a total of 90 units housed in three buildings...Architect Anne Beha reported to the Board of Selectmen that

Mr. and Mrs. Steven Shapiro

Shapiro-Giammusso

Karen Jo Giammusso of Andover and Steven Shapiro of Lexington wre married on November 29 at Follen Community Church.

The bride, daughter of Martha and Michael Giammusso, is a 1982 graduate of Andover High School and a 1986 graduate from Colby College. She is a case manager for the Kennebec Valley Mental Health Center in Waterville, Maine.

The bridegroom, son of Marian and Irwin Shapiro, graduated from Lexington High School in 1982 and Colby College in 1986 where he is now a physics department assistant.

Diane Giammusso, sister of the bride, as maid of honor. Bridesmaids were Cheryl Giammusso, the brides' sister, and Nancy Shapiro, the groom's sister.

Best man was Micah Sheveloff. Ushers were Niki Afshartous, William Kules, Brian Morin and Michael Giammusso, the bride's brother.

The reception was held at the groom's parents' home.

The couple is residing in Waterville, Maine.

To Present Program On Animals

The regular meeting of the November Club will be held January 5 at the Unitarian Church, Locke Street, at 1 p.m.

Guests will be greeted by Mrs. John T. Bangert and Mrs. J. Keith Jones. Mrs. John C. Hurlin and Mrs. John C. McClement will preside at the tea table.

The program will feature live animals, presented by Dick Lucius. He has had many years experience as a lecturer in birds, featuring a Golden Eagle, his prize exhibit.

The haddock fish is related to the cod, but gets its food on the bottom of the sea while the cod eats above the ocean floor.

Historical Society Offers Programs In January

By Virginia Lopez Begg

The Andover Historical Society will continue to hum with activity in January. Women and woodworking provide two of the featured events.

The society will present a narrated slide show entitled "West Parish Women in the Nineteenth Century" on Sunday, Jan. 4, at 2 p.m. The event is open to the public and there is a nominal admission charge.

The program deals with the lives of the women of the West Parish community from childhood through adulthood. It focues on their role in the community and the organizations they formed from the founding of the church in 1826 through the next half-century.

The slide show is narrated by Joan Patrakis, who did much of the research as part of a long-term project, and Marsha Rooney, former director of the Andover Historical Society. They were assisted by Doris Newton, Betty Gorrie and Nonie Newell who played the parts of West Parish women Susannah Jackson, the daughter of the first minister, Mary Susan Cutler, who spoke at the church's 100th anniversary, and Sarah Merrill Wilson.

The records used in preparing the show are original documents belnging to West Parish Church which are preserved at the Andover Historical Society. Don and Jan Sagaser, society members, will introduce the program and lead house tours following the show.

The Andover Historical Society will also offer an unusual opportunity to learn about old woodworking skills in a four-week workshop conducted by John Ross, Cambridge authority and collector of antique tools, on Saturdays from 10 a.m. to 1 p.m.

The workshop will begin January 10 in the society's newly recreated 19th-century woodworking shop. Non-members and prospective participants can register through the Andover Historical Society office.

Students will first learn the use of hand tools and foot-powered tools of the late 19th century. Ross will familiarize them with the resource books available and assist in choosing a project commensurate with abilities and experience. Wood will also be selected at the initial session.

In remaining sessions, students will work on their projects with one-on-one assistance from Ross. For this reason, the class will be limited to six participants.

Ross, who teaches at Belmont Hill School, has previously taught old woodworking techniques through the Andover Historical Society, the Peabody Museum of Salem and others. He brings his personal collection of tools and books to class.

The Andover Historical Society is a non-profit educational institution open to members and the public. For information on open hours, exhibitions, tours, special events and membership, call the office Monday through Friday between 9 a.m. and 5 p.m

Four million tons of hydrogen dust are destroyed on the sun every second.

Jazz Concert Opens Season

Bob Nieske, bass/guitarist, and the jazz group Wolf Soup will present a concert at Kemper Auditorium, Phillips Academy, on Friday, Jan. 9, at 8 p.m. The group is made up of well-known Boston musicians Joe Mulholland, piano, Randy Kaye, drums, Nieske, bass, and Maria Robbins, vocalist.

Nieske has played most of the major jazz festivals throughout the world. He and Kaye performed with the Jimmy Giuffre Four at the Montreaux Jazz Festival in Switzerland and the North Sea Jazz Festival in Holland. Kaye's career includes performances with a wide range of artists, including Duke Ellington and Jimmy Hendrix.

The group will perform works by Niske, Giuffre and other jazz composers.

The music department of Phillips Academy invites the public. There is no admission charge.

Obituaries

Mae E. Wrigley

Mae E. Wrigley, 87, died Monday, Dec. 29, 1986, at Lawrence General Hospital of a weakening heart condition.

She was born on Woodland Street, Lawrence, on September 15, 1899, the second of seven children. Her father, Frederick W. Koch, a carpenter and gardener, was a native of Germany, her mother, Catherine Griffin, was a native of Ireland.

She attended the Rollins School in Lawrence and the former Punchard High School in Andover, and she sold vegetables door to door on Prospect Hill after school. In 1910 the family moved to a farm on River Road, West Andover, from where she and her brothers carted vegetables to Essex Street, Lawrence, and sold them from the wagon.

She was married to Clifford S. Wrigley in 1921 at Christ Episcopal Church in Andover. They had two children, Clifford Jr. and Barbara. Her husband, a plumber, worked on the construction of Shawsheen Village. The family moved to Boston in 1930 where her husband worked as plumber for the Fenmore Apartments on Charlesgate East and janitor of number 56. She cleaned tenants' apartments throughout the Depression years and later worked for many years as a saleslady at Jordan Marsh Co. Her husband died January 2, 1959, in Boston at age 67. She returned to Andover in 1971 and lived with her son on Red Spring Road.

She is survived by her brother, Fred Koch of DeWitt, N.Y. and her two children.

Funeral services will be held at 10 a.m. today in Christ Episcopal Church, Andover. Burial will be in Spring Grove Cemetery, Andover.

Funeral arrangements were made by the Malcolm E. Lundgren & John D. Caron Funeral Home of North Andover.

Michael Edward Jayes

Michael Edward Jayes of 5 Algonquin Ave. died Monday, Dec. 29, 1986, as the result of a motor vehicle accident in Haverhill. He was 22.

Mr. Jayes was born in Syracuse, N.Y. and had resided in Andover for the past eight years. He was an honors graduate of the Andover High School class of 1983.

At the time of his death he was an honors candidate at the University of Massachusetts, Amherst, from which he would have graduated in June of 1987. For the past year, he had studied at the University College of Swansea in Wales, U.K.

He was a former member of Genesis of St. Augustine's Church, Andover.

He is survived by his parents, Robert L. and Dorothy (Sulesky) Jayes of Andover; two brothers, Dr. Robert L. Jayes, Jr., of Brookline, and Christopher D. Jayes of Orlando, Fla.; five sisters, Diane M. Shultz of Pennsylvania, Eileen M. Lee and Janice L. Jayes, both of Washington, D.C., Mary E. Keally of Milton, and Katherine Jayes of Andover.

The funeral, from the Edgerley & Bessom Memorial Home at 11 a.m., Friday, will be followed at 11:30 by a funeral Mass at St. Augustine's Church. Burial will be in Milton Cemetery, Milton.

Friends may call at the funeral home Thursday from 2 p.m. to 4 p.m. and 7 p.m. to 9 p.m.

Daniel P. Donovan

Daniel P. "Red" Donovan, 62, Shepard Road, Buckland, formerly of Andover, was pronounced dead on arrival at Franklin Medical Center, Greenfield, on Monday, Dec. 22, 1986.

Mr. Donovan was a retired alcoholism consultant who had worked at Lawrence General Hospital and was an Army veteran of World War II. He was born in Andover and had lived in Buckland for the last 10 years.

He is survived by his wife, Jeanette (Comeau) Donovan of Andover; daughters, Karen Coldwell of Andover, Dr. Elaine Donovan of North Andover, Patricia Donovan of Cambridge and Eileen Donovan of Lawrence; a son, Daniel P. Jr. of Andover; a sister, Bernardine Lane; three grandchildren and two great-grandchildren.

Funeral services were held on Saturday, Dec. 27, in St. Joseph Church, Shelburne Falls. Burial followed in the Arms Cemetery, Shelburne Falls. Arrangements were made by the Kelleher Funeral Home in Shelburne Falls.

Memorial contributions may be made to the Home Place, Shepard Road, RFD 1, Charlemont, Mass. 01339.

Claire E. Townsend

Claire E. (Beaulieu) Townsend, 63, 4 Sharon St., died Friday, Dec. 26, 1986, at St. John Hospital, Lowell, of congestive heart failure.

Born in Andover, Mrs. Townsend had been a resident of Tewksbury for the last 18 years. She attended St. Augustine Church's in Andover.

She was the daughter of the late Ernest and late Eva (Thibadeau) Beaulieu.

She is survived by her husband, John D. Townsend, Sr. of Tewksbury; two sons, John D., Jr. of Andover and Bruce W. of Billerica; one daughter, Brenda Hill of Boxford; one brother, Leo Beaulieu of Salem, N.H.; two sisters, Irene DuBois and Rita Magri, both of Lawrence; eight grandchildren, two great-grandchildren, and many nieces and nephews.

A mass was celebrated at St. Augustine's Church, Andover, on Tuesday, and burial followed in Spring Grove Cemetery, Andover. Arrangements were made by the Farmer and Dee Funeral Home of Tewksbury.

Jules Zorn

Jules Zorn, 87, of Andover, died Wednesday, Dec. 17, 1986, at the Prescott House Nursing Home in North Andover.

Mr. Zorn was born and raised in Philadelphia, where he lived most of his life until moving to Andover in 1983.

He retired as a vice-president of the Arthur C. Mengeles Company of Phoenixville, Pa.

He was a member of Kesher Israel Congregation of Philadelphia and Temple Emanuel of Andover.

He is survived by his wife, Sadie (Helfand); a daughter, June Halpert of Andover; two sisters, Evelyn Seidler and Sadie Cohen, both of Philadelphia; four grandchildren and one great-grandchild.

Kitchen Design
by David A. Clement, Designer
EATING IN
What has always been the most comfortable eating spot in the house is now also the most practical one the kitchen table Not the least advantage of an eat-in kitchen is the way it simplifies serving and clean-up chores With ample counter space between the cooking and dining areas, meals can be prepared and served all within the space of a few feet There is also the undeniable appeal of eating in a room that is still permeated with all the tantalizing smells of food preparation On the other hand, some diners would willingly trade those scents for some visual distance from the pots and pans from which they emanate The decision is strictly a personal one
No matter what the economy a kitchen remodeling is always a good investment. Women & Pre-Nuptial Agreements
If you are contemplating marriage or remarriage, you may be concerned that you will risk the eventual loss of some or all of your property or other assets in the event of a dissolution of your marriage by death or divorce. You may also be uneasy about raising these concerns with your prospective husband because you do not wish to seem unromantic or greedy. A properly negotiated and drafted pre nuptial agreement can often address these very genuine concerns. The assistance of a lawyer in the negotiation and drafting process is essential if you wish your agreement to be valid and enforceable at some later time

Police Undergo Rigorous Review For Accreditation

By Karen L. Day

The Andover Police Department is currently in the process of receiving accreditation from the the Commission of Accreditation for Law Enforcement Agencies along with 22 other Massachusetts agencies. It is a voluntary process by which a local agency holds itself up for comparison against the strictest of standards on the national level.

Beginning in June of 1986, when the town invested the first half of the $7500 accreditation fee, the department began working toward meeting the 944 individual standards currently imposed by the commission. This requires full documentation of all policy and procedure.

The commission was formed in 1979, after the standards for law enforcement agencies were developed by the International Chiefs of Police, the National Organization of Black Law Enforcement Executives, the National Sheriff's Association and the Police Executive Research Forum. The commission is an independent organization, having no relationship, financially or otherwise, to any local, state or federal government.

The accreditation process begins when a law enforcement agency asks the commission for applicant status. Once agency eligibility has been confirmed, the two sign a contract which identifies the responsibilities of each in the accreditation process.

The agency then completes and files an Agency Profile Questionnaire, providing information about agency size, mandated responsibilities, and functions performed. The commission uses this information to determine which standards must be met by the agency.

A list of those standards to be met is then forwarded to the agency which then confirms the applicability of those standards to the department, and then begins the process of self-assessment.

When the agency is satisfied that it meets the standards set for it, it notifies the commission which then sends out a three-person assessment team for several days to examine the proofs of compliance that the agency has compiled. The assessment team may consist of a police chief from an accredited department, an accreditation manager, and a policy writer for another accredited department. These assessors may speak to those involved in policy making or general law enforcement to ensure that the requirement is met should they feel the need for further explanation.

After the on-site visit, the assessment team submits its report to the 21-member commission, which either grants or denies the agency accreditation. The failure to meet even one of the mandatory requirements will result in denial of the application.

According to the Accreditation Policy Handbook, the standards are designed with five points in mind.

They reflect the best professional practices in each area of law enforcement management, administration, operations, and support services. They also reflect "what to," without telling an agency "how to."

Standards are created to make accreditation attainable. Compliance may be difficult in some instances, but the standards themselves are not unreasonable for any well-managed law enforcement agency.

Every accreditation in itself is a test not only of the standards already set, but the entire accreditation process.

The commission, when revising standards, looks to already accredited agencies for advice and counsel.

Det. Don Mooers, who was chosen to direct the accreditation process for the Andover police department, has stated that *all* of the mandatory requirements and 80 percent of the optional requirements must be met—no easy task when one learns that the department must *prove* compliance, whether it is by written documentation or other means.

The standards relate to everything from the law enforcement role and responsibility to relationships with other agencies. From organization, manage-

Another Seriously Injured

Youth Dies In Haverhill Crash

One Andover High School graduate, Class of 1983, is dead, while another fellow graduate remains in serious condition at Bon Secours Hospital, as a result of a car-fire truck accident in Haverhill Monday afternoon.

Twenty-two year old Michael Jayes, 7 Oriole Drive, a University of Massachusetts, Amherst, honors student was killed when the car driven by his friend, Brendon Bachner, 21, 5 Algonquin Ave., collided with a Haverhill fire truck that was responding to a fire call early Monday afternoon.

Bachner was driving to Haverhill with Jayes in order to return the car to his father, Dr. Irving Bachner of Haverhill, who had lent it to him while he was home from college for the Christmas holidays.

The fire truck, Ladder 3, was heading to answer an alarm in Haverhill, about one-half mile beyond the accident scene at the east end of the Ward Hill Connector.

Michael Jayes

Brandon Bachner

The automobile was struck broadside by the fire truck as it came from Route 495 and crossed Route 125 in front of the truck. Another car, following the Andover youths, was driven by a friend, Richard Mangano, 65 High Plain Road, who had planned on giving Bachner and Jayes a ride back to Andover.

After the truck and automobile collided, numerous cars veered off into a gully that runs alongside Route 125. Firefighters on Ladder 3 called for ambulances and began extrication and first aid.

When paramedics of Shanahan Ambulance Service arrived, they began life support work on Jayes and took him to Lawrence General Hospital where he was pronounced dead.

Other firefighters and ambulance attendants extricated Bachner from the driver's side of the car with the use of a hydraulic rescue tool. He was taken initially to Hale Hospital and his condition was "serious but stable" when he was transferred to Bon Secours later Monday evening.

1986 A Productive Year For A Town In Motion

By Susan K. O'Neill

From the window of Town Manager Kenneth Mahony's office in the town hall, a visitor looks out on a street lined with settled, older homes. There is no turmoil; to the untrained eye, the life beneath that window flows peacefully day to day with little overt change.

When Mahony himself looks out on the town of Andover, however, he sees beyond Bartlet street—to the new library wing, with its scaffolding; to the public safety buildings and the programs inside their brick skins. To Routes 93 and 495 and beyond, where motels sprout from bare ground in a season, and high-tech plants tower above trees that once shaded livestock.

It is a town in motion, Mahony's Andover. And, for this town, 1986 was a 'productive" year.

Physically, Andover underwent a substantial amount of development last year, says the Town Manager. There were notable beginnings; there were important finishings; there was much construction and expansion.

Puffing on his cigar, Mahony ticks off the projects: an addition of 475,000 square feet for Digital; a new building for Raytheon; an addition for Physical Sciences; renovation and reuse of the old Export Warehouse on Tewksbury Street. Two new Marriott hotels—one breaking ground and one about to be occupied. Construction on the "Woodlands" property, a 130 acre office park. Office space built by Trammel Crowe; office buildings being readied for occupancy by Prudential. The old "Infinet" building on Shattuck Road, now being re-occupied by M.K.S. Instruments. The Vazza and Hoffman Winn buildings, both finished and occupied.

Downtown, there is the Barnard block, wearing its upbeat new look after a year of renovation. The Bank of Boston building. The bowling alley ("Something's happening there—God knows exactly what," says Mahony).

Mahony take a last draw, then snuffs out the cigar. "That's a pretty good year," he says. "And the quality is very good—these are buildings that are going to be with us for a long time. And paying

Charged In Fatal Crash

Russell Greene, 26, 9 Nadine Road, Framingham, suffered fatal head and chest injuries, when a drunk driver tried to pass in a no-passing zone on Route 125 at 9:39 Sunday evening, and skidded head-on into his car.

Accused of driving drunk and vehicular homicide is Mirza Rashidullah Beg, 37, 110 Millpond, North Andover, chairman of the board of Imaging Technology Incorporated of Woburn, who skidded 200 feet before colliding with Greene's automobile.

According to State Police Trooper Michael Ferrick, Beg was driving south in Route 125, a two-lane undivided highway, at about 60 miles-per-hour when he attempted to pass a car in front of him. Greene, on his way to work at AT & T, was driving north, toward Merrimack College, and the two cars collided head-on.

The chairman of the board at Imaging Technology Incorporated in Woburn, stood on crutches after treatment for minor injuries as he pleaded innocent to charges of vehicular homicide, driving under the influence of alcohol, driving to endanger, improper passing, failing to drive within marked lanes and speeding.

Beg, a native of India and citizen of Canada, was released on $1,000 bail by Judge Issac Borenstein, who also ordered he turn over his Canadian passport to the state by Friday.

Borenstein continued the case until February 20, when, if found guilty, Beg could face up to 15 years in prison under the state's new tough drunk driving laws.

Looking Ahead

(Continued from Page One)

over, Mahony has felt all along that the proximity of the proposed campus would be a real plus for the town. He says that he hopes to see the Emerson situation resolved, positively, early in the year.

During 1987, the town should also move closer to the construction phase on a number of long-term projects, such as the Lowell Junction and River Road intersections, and the widening of River Road to the Lawrence line.

Also looking toward the future, Mahony is working to write town meeting warrant articles for the proposed renovation of the Old Town Hall, and the changing of downtown's major intersection into a "scramble" configuration—which would enable pedestrians to cross in any direction, even diagonally, upon a signal.

In summary, says Mahony, it should be a busy and constructive year. Little flash and dash, but lots of solid productivity. "I hope that 1987 is as positive a year as 1986 was," he concludes.

There is a baseball game played in Fairbanks, Alaska, every June 21, the longest day of the year. It begins at midnight and no artificial lighting is ever used.

BUNIONS

Bunions are a common deformity of the Big Toe and the joint at the base of the big toe. The deformity is primarily caused by inherited bone structure and can be aggravated by shoe gear.

The problems associated with bunion deformities are usually a painful "bump" or enlargement on the inside of the foot at the base of the big toe and a deviated or crooked Big Toe that pushes against or under the second toe.

Correction of the deformity ranges from removal of the bump and realignment of the big toe, to more sophisticated procedures utilizing stainless steel screws. Following a thorough examination, we will discuss our findings and treatment modalities.

All these procedures are performed in the office operating room under local anesthesia. advances in operating techniques provide selection of the best procedure(s) and minimal post-operative discomfort

Just A Thought

By Bob Finneran

Donn Byrne: The Consummate Andoverite

This is one of those cases where you wished you said it before.

Like somewhere around a week ago at the latest, while a young man like Donn Byrne was around to appreciate it.

But newspaper people aren't a lot different from others, in that we tend to put off such things as paying tribute to a person's dedication to the community, because he is still involved.

It was a week ago Monday, at probably the most difficult time of year, when for reasons none of us comprehend, Donn Byrne, selectman and former Finance Committee member, and, above all, family man, succumbed to an aneurysm at the age of 49.

Having known him for many years, due principally to his municipal involvement, I feel priviliged to refer to him as the consummate Andoverite.

He wasn't a native.

But he lived and loved Andover for so many years that I think even his colleague on the board of selectmen, Bill Dalton, would honor him with the title 'Townie.'

His interest in the town's municipal life extended beyond his days of elected or appointive service to the community.

For many years he attended school committee, selectmen and finance committee meetings as an observer.

Then he was appointed to the FinCom and became an ardent observer of the town's finances.

After six years on that board, he went on to become selectman, and no doubt would have sought re-election to that board this spring.

In all his activities, he was dedicated to the task assigned him by either the appointing authority or the electorate. Outspoken, he had little fear of questioning administrators and suggesting, albeit not always successfully, changes he felt would lead to better administrative practice or economic improvement for his town.

As an Andover official, he took criticism as well as praise graciously.

When editorials appeared in this space, critical of his stand, there would be a phone call, with a comment, 'I guess it's my turn.' When praise came his way in the same space, the conversation would probably be, 'Thanks, I needed that.'

Underlying all this was a man dedicated to family and community, the love for both undeniable.

The finality of death is a difficult reality, eased by time and tender memories. It is under such circumstances that we reluctantly accept the loss of a dedicated, devoted servant.

We Extend Best Wishes For A Healthy, Happy New Year

The Andover Townsman

Down The Years With The Townsman

75 Years Ago — January 1912

The icy roads have been so treacherous during the early mornings of this week that driving, especially in the outlying parts of the town, has been extremely difficult.

A Happy New Year to the readers of the TOWNSMAN. May it be a new year in which things are a little better than during the past year. From present appearances, it would seem as if such a condition is to be realized.

The new 54-hour law affecting the hours of employment of women and minors goes into effect January first, and the local manufacturing concerns will put their new time schedules into effect on that day.

Andover's street problems may be taken up in an entirely impersonal manner at the present time, inasmuch as Superintendent Gould is not a candidate for re-election.

50 Years Ago — January 1937

The Board of Selectmen, acting as licensing authorities, Monday night turned down an application by a Wakefield man for a liquor license to sell wines and malt beverages in a Ballardvale restaurant.

The terms of 21 of Andover's officials will expire in March with the School Committee and the Tree Warden positions slated to offer the most keenly contested races from present indications.

Three Andover youngsters were injured, one of them seriously, this week by air rifles given them for Christmas presents. The accidents caused Chief of Police George A. Dane to announce that "Santa Claus is going to take back all the air rifles he can find." The police have already confiscated several.

Andover had a very poor year, as far as vital statistics are concerned. The town clerk's annual figures show that the town is going up in deaths and dropping in marriages and births.

Resolutions For Everyone But Myself

By Susan K. O'Neill

Every New Year's Day, ordinary folks all over the country resolve to turn themselves into perfect people.

They embrace all the standard New Year's Eve resolutions. No more drinking; no more smoking; no more fat; no more aggressiveness for the bold; no more waffling for the wimp.

Well, not me, baby. Not this year.

This year, I took a long, hard look at myself, and I decided I didn't need any improvement. Let's face it—I'm terrific. If *everybody* was a great as I am, *nobody* would have to make New Year's resolutions.

Unfortunately, that's not the case.

So, this year, I've decided to do this imperfect world a favor. I've decided to make New Year's resolutions for everybody else. After all, who among us isn't better at improving other people than at perfecting herself?

You might like to try it, too.

We should probably steer away from resolutions on a global scale. Oh, world peace would be nice, and I'd love to keep the whales swimming and the farmers farming, but that's a bit unrealistic.

No, I propose we stay small. After all, it's the *little* things about other people that really rub us the wrong way, right?

So here goes. Family first:

I resolve that my husband will learn how to fold the clothes that I've washed. Right now, he spreads them all over the living room floor as he folds them, so people can claim their own. But no one does; they all just walk on them. In the end, I usually have to re-fold them.

Now that I think of it, I also resolve that he'll learn to wash them.

I resolve that my kids will become as cheerful and non-contentious as T.V. children. They will, in fact, be selected en masse to replace the aging cast of the Bill Cosby show.

I resolve that the hamster, gerbil and guinea pig will all learn to tidy up after themselves.

I resolve that the painter will finish early.

Or maybe just finish, period.

I resolve that my bosses will realize how terrific I am and beg me to take a ten-dollar-per-hour raise.

I resolve that my bank will put out *real* cream with their Saturday coffee.

And maybe loans at 5 percent interest.

I resolve that my aerobics instructor, Adonis, will throw his creative efforts into perfecting a new and completely effective exercise method that firms up our muscles as we lounge on the gym floor and nibble petit fours.

I resolve that all smokers will carry, and use, smokeless ashtrays.

I resolve that downtown merchants will leave a parking space out front free for members of the press at all times.

And, too, I resolve that the town of Andover will leave those little bags over the parking meters throughout 1987.

And last: I resolve that local drivers will be courteous to others—especially others driving blue Honda wagons.

There—doesn't that feel just great! Now, if you can just keep these few resolutions, maybe I won't have to work so hard next year to shape you up.

The Public Forum

Commemorative To A Friend

To The Editor Of The TOWNSMAN:

Donn Byrne was a man who loved his God, loved his family, loved his country and loved his town.

He gave freely and supported the things he cared about. There were no pretenses about the man. He was one of the straightest shooters I know. He did not say things that were politicially expedient; he spoke what he believed to be correct. I did not agree with him all of the time, but then, that is a free man's choice.

Honesty is a virtue that, if more people cultivated would make this town, this country and this world a better place. Donn Byrne did what he could.

What is the oldest democratic constitution still in use today? The Constitution of the Commonwealth of Massachusetts, which served as a model for the United States Constitution and other state constitutions, according to Professors George M. Jarnis and Nicholas S. Racheotes of Framingham State College in Framingham. They are completing a new reference book, "The Massachusetts Constitution: A Citizens Guide," which includes historical background as well as a chapter-by-chapter explanation of the Constitution and amendments presented in modern language.

For Those Of Us Who Are Older

By Janet D. Lake

The hot lunch program at the senior center will resume Monday, Jan. 5. Call the center no later than 4 p.m. Friday, Jan. 2, for reservations.

Start the new year right. Mark your calendar for May 7. That's the date of the second annual Senior Prom to be held at the Andover Country Club. There will be dinner, dancing and pretty dresses– the works. Start planning for it now.

The Department of Community Services Bulletin will be coming your way shortly, containing listings of the mid-winter courses to be given at the center. Jo Bridges will be back with her line dancing class which has been moved to Wednesday mornings. There will be classes in Spanish II, jazzercize, basic drawing, Japanese Bunka embroidery, easy exercises, nutritional awareness and weight control, oil painting, needleart and oriental rug design. Registration will start January 14 at 10 a.m. and continue through January 25, but since space is limited in many of the classes, you are urged to sign up as soon as possible. Classes start the week of January 26. Look the bulletin over carefully; find your special interest and then act on it. You'll be glad you did. Not only will you be adding to your skills, but you'll be adding a new circle of friends.

The next mini-clinic is scheduled for January 13 at Stowe Court. If you haven't been feeling quite up to par lately, why not make an appointment to talk about it with the wonderfully caring public health nurses. They have many simple tests they can perform to find out if there is anything serious that should be attended to, but they also have the skill to reassure you that the winter blahs will fade with the first daffodil's arrival. But finding out is important. The clinic is free; you must have an appointment which you make by calling the health department at 470-3800, ext. 255.

You can stop by the senior center and have your blood pressure checked for free any Wednesday between 2 p.m. and 3 p.m.

The Council on Aging reminds you that their annual trip to the Boston Flower Show is scheduled for Thursday, March 19. For $25 a deluxe motor coach will take you to lunch at Anton's in Cambridge and then to the flower show. You'll be ready for a lovely touch of the beauty to come in the springtime. But this trip always fills fast, so sign up now. You'll be so glad you did.

Watch these columns for news of a trip to Washington, D.C., in April. And in the meantime, come to the senior center. It is located on the Whittier Street side of the new Town Hall and is open weekdays from 8:30 a.m. to 4:30 p.m.

Bantam B's Play Game Of Year

By Guy Lafleur

The Bantam B's played the game of the year on Saturday against a Danvers' team. Although they came up on the short side of a 2-1 score, it was a great team effort.

The Bantams drove the Danvers' team crazy with their incessant digging. Greg Afarian scored Andover's lone goal with an assist from Paul Bellavance in the final exciting minutes of the game. Outstanding on defense were Danny Waitkevitch, Matt Tanner, Sean Gill, David Shaw and Jay Parker. Jamie foley, Jim Grollau, Bellavance, Afarian, David Dribben, Mike D'Angelo, Mike Murnane, Tim Fox and Eric Patterson all sparkled on the ice.

A week previous the Bantam B's dropped a pair of games to North Andover and Melrose. There was great goaltending in both games by Danny Waitkevitch. Sean Gill, with an assist from Jamie Foley, scored against North Andover and Chris Cashman, on a pass from Mike D'Angelo, scored against Melrose. Good passing and team defense stood out.

A's Split A Pair

Andover's PeeWee A hockey team dropped a tough 6-1 decision to undefeated Malden in Wilmington Youth Hockey Association League play. Malden jumped to a 3-0 lead in period one. Andover's Bob Sheehan was stopped on a breakaway just before the end of the period. Malden scored once in the second period off a rebound. Todd Allard, who played a terrific two-way game, scored Andover's only goal at 7:20. He rushed past the defense and around the net before jamming the puck between the pipe and goalie's pads. Malden was too tough, however, and they scored twice more for a 6-1 victory.

Andover rebounded against Methuen the day after Christmas at Merrimack College. Danny Feeley knocked in a Donnie Fraser shot that ricochetted off the goalie's mask. Methuen tied the game at 3:45 before Brenden Finneran's wrist shot put Andover ahead for good with 18 seconds left in the period. Andover scored twice in the second period. Ed Thistle scored unassisted, then Billy Owens and Sean Darwin put together a perfect passing play with Owens scoring.

Andover dominated third-period action with six unanswered goals. Jay Coburn scored the first of his two goals, assisted by Sheehan and John Constantine, then Owens scored his second tally off another professional assist from Sean Darwin. Chris Pothier followed with a shorthanded breakaway score before Coburn, assisted by Thistle and Allard, scored. Thistle scored the next goal and Darwin and Owens teamed up for the tenth goal just before the buzzer.

Melissa Morris

Selected Best Team Player

Melissa Morris, a former Phillips Academy student, capped off a brilliant collegiate career by being selected as the best team player for an unprecedented third successive season for her efforts on the women's soccer squad.

Morris had a sparkling season this year, anchoring the tough Scots' defense.

She has been a force for the Scots over the past three years. Having captained the past two years, her ability to lead is quite remarkable.

"It's a great honor to win the team award three straight years and be a captain the last two. We put her on the opponent's top offensive player most of the time. But more than just playing hard, she has a great knack for commenting and relating to people. I've never had a better team captain in all my years of coaching," commented Head Coach Ken Andrews.

Morris will be missed by the Scots next year and replacing her will be quite a challenge for Andrews.

A history major, Morris is the daughter of Micheal W. and Mary Joan M. Morris of Andover.

Record

Raytheon Company has concluded its 1986 companywide United Way campaign, raising a record total of more than $5.78 million in employee contributions.

The amount is a 9 percent increase over last year's total and a 7 percent increase over this year's original goal. Of the funds raised this year, $3.3 million was contributed directly to United Way of Eastern New England.

The New England total places Raytheon at the top of the list among employee campaigns in the region, according to Robert X. Chandler, president of the United Way of Massachusetts Bay. He also said that Raytheon's total surpasses all other major corporations in the area by nearly $1 million.

Mel Weinzimer, general campaign chairman, said the company's leadership role in the United Way has been a "tradition" among company employees.

Raytheon, headquartered in Lexington, is a diversified international company active in electronics, aviation, appliances, energy, construction and publishing.

The "little red schoolhouse" was often that color because red was the least expensive paint.

The deepest oil well in the world is located 150 miles north of the Arctic Circle in the U.S.S.R. In 1985 it was 7.2 miles deep and is to be dug even deeper.

Squirt B's Extend Streak

Andover's Mark Pirri found himself in the right place at the right time Sunday when, with 41 seconds left in the game, his unassisted goal capped a tremendous comeback by Andover to defeat Methuen 5-4 and extend their unbeaten string to eight games. The game was fast paced as a big, hard-skating Methuen team kept the pressure on all the way. Methuen opened the scoring while shorthanded in the first period. Danny Hansberry came back to tie the score, unassisted, at 1-1 two minutes later. Methuen raced to a 3-1 lead in the second period and then went up by 4-2 before Andover started its comeback. Andover's second score was another unassisted goal by David Alpert. Sean Donohue closed the gap 4-3 off an assist by Jason Loomer before the period ended. The Andover defense kept Methuen off the scoreboard during the third period while Alpert scored his second goal of the afternoon with assists from Hansberry and Donohue to tie the game and set the stage for Pirri's dramatic finale. Superb goaltending by Phil Smith and alert defense by Peter Volpe, Matt Johnson and Dave Bailey as well as Doug Batchelder, Dana Difiore and Mark Escott combined to record this exciting team victory.

The Squirt B's spotted Nashua a 1-0 first-period lead in a Friday night contest before rallying to a 4-1 victory for their seventh straight win. Andover scores were by Difiore (1), Hansberry (2) and Tom Felago (1). Assists went to Escott, Hansberry (2), Donohue, Volpe and Difiore. The defense of Batchelder, Bailey, Johnson and Volpe combined with goalie Smith to shut out Nashua after their goal halfway through the first period.

Judy Pinney at work in her new office

Judith B. Pinney Insurance Agency: A New Year, A New Office

Meet Judy Pinney, wife, mother, active citizen in community affairs and Insurance Agent. Judy is a transplanted New Yorker who has made her home in Massachusetts for the past four years, and in Andover for the past two.

Since coming to Andover, Judy has wasted no time in becoming involved in community activities. She is on the board of newcomers and is also a member of the Greater Lawrence Chamber of Commerce. On the business side she is a member of the Board of Women Insurance Network which is an organization of women agency owners in Massachusetts, and a member of the Professional Insurance Agents (PIA).

Judith B. Pinney Insurance Agency can handle all your insurance needs including life, accident, health, homeowners, auto, and business. In addition, Judy's special area of expertise is in Horse/Stable/Farm insurance. She can provide you with complete horse farm coverage including full horse mortality. Judy also features insurance coverage for growers, florists and garden centers, in addition to handling liability for contractors.

Judith B. Pinney feels that the main feature of her Insurance Agency is service. Judy, along with husband Jack, who is also in the insurance business and provides support in a consulting capacity, will provide you with prompt and efficient service. She'll even make that dreaded trip to the Registry for you in connection with your auto insurance.

Judy can be found in her new office at 89 North Main Street, Andover. Call her today for insurance information or quotes at 475-5184.

Down The Years

(Continued from Page 30)

25 Years Ago — January 1962

Political activity received an almost-certain upset this week, as Eugene A. Bernardin, Jr., chairman of the Board of Selectmen, announced that he will not seek re-election.

The weatherman sure took a verbal beating—but a good-natured one this time—when Tuesday's predicted snow storm didn't show up.

Two Andover residents were listed by police as being injured following a two-car collision at the corner of Bartlet and Chestnut streets.

There are five major offices on the ballot: two selectmen, two school committee and the moderator. There should be two candidates for each position if the town's voters are to have a chance to select their man.

10 Years Ago — January 1977

Malicious damage to property, especially mailboxes, has prompted a local resident to offer a reward for information leading to the arrest and conviction of persons responsible.

On its first go-round Tuesday night, the Andover School Committee passed a preliminary budget of $10,684,820 that would, according to best possible predictions, represent a $2 increase on the tax rate.

Something happened since last we met! Snow, rain, sleet, and sheets of ice, all in quantities resembling New England winters of years gone by, locked Andover in, with the exception of storm fighting and public safety crews.

Theatre

"Hello and Goodbye," a drama by South African playwright Athol Fugard, will be prsented January 16-February 15 by the New Repertory Theatre, theatre-in-residence at the Newton Arts Center, 61 Washington Park, Newton.

In this play about poor whites in South Africa, Fugard explores the stories of Hester and Johnnie, sister and brother from the industrial city of Port Elizabeth. After 15 years of exile, Hester returns home in search of an inheritance that would deliver her

Police

(Continued from Page 27)

ment and administration to personnel. And from law enforcement operations, operational support and traffic law enforcement to auxiliary and technical services.

According to Mooers, there are many reasons why accreditation is important to the Andover Police Department—and to the residents of the town.

"Accreditation has the potential for adherence to, and recognition of, professional standards. The town is actively pursuing accreditation, not only because of our quest for professionalism in law enforcement, but because of our pride in the dedicated men and women who work for the Andover police department."

"We also see the entire image of law enforcement changing," said Mooers, "There are more college-educated entry level staff and others with master's degrees and advanced training. We have all this education and we need to insure that we are a top-notch organization that uses its resources to constantly upgrade."

A list of uniform standards of practice gives residents and officials of the town a "measuring stick" by which they may evaluate the department's performance. Accreditation also ensures periodic review and updating of the department's policies and promotes an even-handed approach to their application.

Andover Police Chief James Johnson believes that accreditation will also help avoid civil litigation, and insurance companies are very happy about that. Johnson added that, although there were no areas where the department was performing poorly, they have found during the self-evaluation phase that there were better ways to conduct some activities like record keeping.

Johnson favors the idea of giving police personnel "professional standing" and said that the fact that someone from the commission will visit every couple of years to check on the department "keeps us all on our toes—which is healthy."

Town Manager Kenneth Mahony commented that it is the process, not the actual piece of paper signifying that accreditation has been earned, that is the most important aspect.

"All the people (in the department) are looking at all the issues in a cooperative manner—panels, committees." Mahony commented, "The department has the maturity to analize (itself)."

"We have a superior police department" he said, and the accreditation process allows the staff to analize "why something is right or why something is wrong" without just doing it because the commanding officer said to. This, Mahony added, is where the maturity of the members of the department comes in, and he believes that what is already a superior police department may become, through the accreditation *process*, an outstanding police department on the national level.

According to Mooers, the department should be ready for the commission's on-site visit by some time in November, once all compliance documentation is gathered or prepared.

Hunter Safety

Environmental Police Officer William Chmura will hold a free hunter safety coruse at the Wenham Police Department, 140 Main St., Wenham, January 3-February 7 from 9 a.m. to 11 a.m.

Graduates over 15 years old receive a Certificate of Competency in the Safe Handling of Firearms. This state certificate allows anyone between the ages of 15 and 18 to hunt alone on their first hunting license in Massachusetts. The certificate is honored by every United States state and Canadian province where hunter safety training is mandatory to purchase a hunting license.

The
ANDOVER TOWNSMAN
"Clearly the most popular newspaper in Andover."*

"THE TOWNSMAN is chosen as the most useful source for classified by Andover residents."*

"The ANDOVER TOWNSMAN has a clear circulation lead in the Andover area. It has a high quality audience and its readers are more likely to read each of the last four issues. It has the greatest number of individuals who report reading "almost every page" and it has its strongest appeal among upscale households within its market."*

* As reported by "Market Opinion Research" in a survey of the Andover market area, conducted August, 1986.

Looking Back

(Continued from Page 28)

taxes for a long time."

Within the town's own systems, the Riverina sewage pumping station in Shawsheen Village is still under construction—"progressing well," says Mahony. And there's the library.

The new addition wasn't finished in 1986, but it was enclosed.

Well, almost. In another week, perhaps, says Mahony.

There were, he admits, projects that have *not* come to pass. Yet, at least.

Emerson College.

Mahony sighs. "Emerson. That has taken up a lot of our time and work this year."

Last year at this time, Mahony was quick to talk about the Boston-based college and its planned move to Lawrence—to a site that was to include a modest bit of acreage, as well, in Andover.

Plans for the use of Andover land fell by the wayside during the project's earlier stages. Mahony was not discouraged; even based entirely in Lawrence, the project would still be of substantial cultural and financial benefit to Andover.

Then came the land battle—involving the college, the city of Lawrence, and the Elks lodge that sits, unwilling to move, on a piece of the property earmarked for the new campus.

The project is stalled; some feel it is in limbo, at best—and in trouble, at worst.

Mahony looks at the situation philosophically. "There's nothing we can do about it at this point," he says. "It's really up to Lawrence."

Then he adds, "I sure hope it goes."

Dealing with what *has* come to pass, Mahony also sees 1986 as the "year of the Comprehensive Permit." The comprehensive permit is a state mechanism by which housing may be built without compliance to local zoning regulations if the development includes a defined percentage of low- and moderate-income units.

Auto Show

Rock music star Micky Dolenz of the Monkees will make a personal appearance at the 13th annual Budweiser World of Wheels motorsports expo in Boston's Bayside Exposition Center on Friday, Jan. 9, from 7 p.m. to 10 p.m.

The Monkees became popular during the '60s with their own television show. Now they are enjoying a resurgence in popularity and, in addition to touring the country, have been featured on the rock video cable station.

Dolenz was a TV star at age 10 in the NBC-TV series "Circus Boy" and made guest appearances on TV shows. When the casting call came for "four insane boys, ages 17-21," for an innovative NBC-TV series, he became a lead vocalist and the drummer for "The Monkees." The two-time Emmy award-winning series skyrocketed those "four insane boys" into superstardom.

The Budweiser World of Wheels is an International Show Car Association-sanctioned event and is part of the Winston Championship Auto Shows 200-event annual season, the world's richest custom car competition. The show runs the weekend of January 9-11.

Blood Drive

Are you over 18 years of age? Do you weigh at least 110 pounds? Has it been at least eight weeks since you last gave blood? If the answer is yes to all three questions, donate blood at St. John's Hospital blood drive for the American Red Cross on Thursday, Jan. 8, from 10 a.m. to 4 p.m. in the Residence Building Auditorium adjacent to the main hospital. All donor types are urgently needed.

Because blood cannot be stored indefinitely, healthy members of the community must donate regularly so that there will always be enough blood available. While only 3 to 5 percent of the population will donate blood, 60 percent will use it.

The Hawkswood Estate at Point Shore:

Incomparable Elegance

At An Understated Price

We have something splendid here.

A private and very special place.

A haven on a ten-acre penninsula overlooking one of New England's great rivers and 450 protected acres where eagles, heron and osprey come to nest.

Most emphatically, these dwellings are not the typical "condo," the smallish place one settles for when his "real" home becomes too much of a bother. No, these are 2,500 to 3,500 square foot units— elegant, spacious, secure and private.

Very, very private.

The Estate contains only 18 homes, all on the waterfront.

The final three units are now available. We believe the quality of the construction, amenities and materials— even to the smallest details— cannot be approached anywhere on the North Shore at this price.

The interiors are exquisitely appointed: Italian marble in the foyer and bath; a grand turning staircase leading to the second floor: Jennaire, Amana, Beckermann, and Grohe in the kitchen.

Garages for your cars and a dock for your boats. Professionally maintained grounds. Services of an interior designer, at no charge, for help in the completion of the decor

And so on

You may look upon Hawkswood as a vacation home that you're fortunate enough to live in year round

Or as one of the last remaining gracious havens within the North Shore, yet only minutes from downtown Newburyport.

Or as an attractive alternative to paying up to twice as much for not as much in one of the better parts of, say, Boston

At any rate, if you're prepared to invest between $385,000 and $465,000 to fulfill a slightly immodest dream, we would be happy to arrange a private showing of our furnished model unit

The sales office is open Wednesday through Friday from 4 to 7 p.m.; Saturday and Sunday from 1 to 4 p.m.; or by appointment. For additional information call (617) 975-5555

BUYER PSYCHOLOGY

Buyers buy homes by comparison. The average buyer is no slouch. He'll shop a particular neighborhood and home-type. He'll rarely buy the first one he visits. It's too big an investment to be nonchalant. He will then compare prices against COMPARATIVE value. He'll quickly throw out any obviously overpriced homes.

If the buyer really likes one of these overpriced homes, he MAY make a counter offer at a lower price – closer to its true value. But history shows that he'll probably make his offer for one already realistically valued.

A local Realtor can save the home seller much chagrin in the area of comparative pricing. He or she knows what similar homes are selling for and which homes are not selling due to overpricing. Your Realtor can help you select the proper selling price – one that will bring the best profit in the shortest time. It makes sense to work with documented facts instead of guesswork. Why not drop in and find out. We have the facts!

Schruender Real Estate

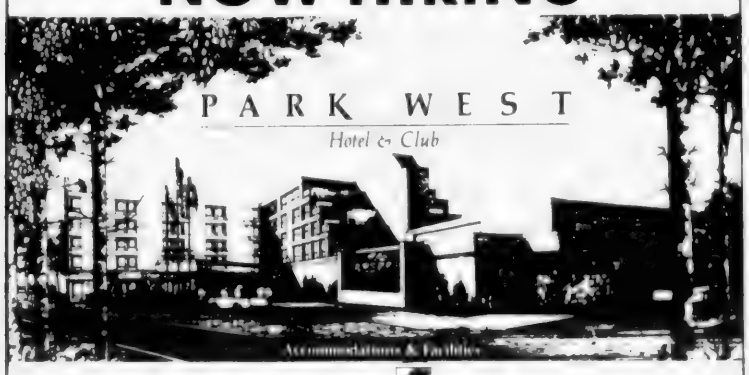

IS THE PRICE RIGHT?

Once you'/ve found the perfect home, no matter how much you love it, you'll probably want to know that you're paying a fair price for it. How can you be sure?

You can start by talking with the Realtor who will write up the offer for you. You could ask for information about other properties for sale in the area. What are their asking prices and how do they compare to the home you are considering? Ask for the sales prices of homes that have actually sold and settled. If you feel the house you like is overpriced, that should not keep you from making an offer that you think is fair. Some sellers are willing to negotiate on price or terms, and the Realtor would be happy to write up your offer and present it to the sellers for you.

If you have any questions about buying a new home, please contact the professionals at **Realty USA Schruender Real Estate.** Phone us at **685-5000** or drop by our office at **73 Chickering Road, North Andover.**

The Andover Townsman

Looking Back

(Continued from Page 42)

'comp permits' in Andover," says Mahony, "but it's the first year it's become a significant issue." There have been four such building applications filed in 1986; two have been heard by the required authority, the Zoning Board of Appeals. Of those, one was disapproved and one approved with several conditions.

The remaining existing applications will be heard in 1987.

Mahony maintains that the process has "alerted all of us to how little home rule there is in this state." He adds that it also brings out the fact that, while few in town debate that there should be affordable housing in Andover, few agree where it should be built.

In 1986, Mahony continues, the town acquired a number of parcels of conservation land. Most notable were: the Doyle and LaRochelle parcels in the northwest quadrant of Routes 133 and 93, 20 acres that are crucial in the preservation of the Haggetts Pond watershed; the recently-acquired Boloian and Maksian lands, totalling more than 80 acres in the Fish Brook watershed off Chandler Road and Route 93; and the Simpson parcel, also newly-bought and earmarked as a part of the planned "Emerald Necklace" of linked greenspaces in Eastern Massachusetts.

"A couple of these parcels have been in negotiation about ten years," says Mahony. "I'm very pleased they've been resolved."

Another patch of green on Mahony's list for the year past is the old town landfill, the dump that was closed ten years ago and subsequently filled, compacted and covered with topsoil. It was contoured and seeded during 1986, he says; the parking lot is in and lined, and the chain-link fence is up.

Next season, it should be ready for use as playing space for soccer and baseball.

In 1986, the town also did a bit of needed repair on its physical plants. Mahony says that the West Junior High School received a new roof, and that work was done on the air-handling system at the high school.

Although buildings and greenspaces form the most visible part of the picture of the year's progress, Mahony is very pleased with what 1986 added to the human side of the town ledger.

There were two major turnovers among the heads of town services in 1986. In Municipal Maintenance, director Joseph Dion retired and was replaced by Frederick Jaeschke.

In the Fire Department, Chief William T. Downs retired from his position in August. Harold F. Hayes is the new chief.

Three-year contracts were settled for teachers, firefighters, police officers, and town staff and employees, both blue collar and white, says Mahony.

The Police Department is undergoing a certification process. Begun in early 1986, it should be completed, says Mahony, in mid-1987. Certification is more than a measure of competence, he says: "The biggest thing it does is, it says to the Police Department, 'Here are universal standards—examine yourself.' "

Mahony lauds the process because it brings officers of all levels together to communicate with each other on both large and small matters. "It allowed us to create a dialogue within the department," he says, "where they review all of these standards."

According to Mahony, the command structure of the Police Department has also undergone some significant renovation during the year. Changes have been made that, without hiring more supervisors, allow more trained supervision per shift. "We have a relatively young department right now," he explains. "The goal of this is to keep the control sergeant on the street with his men." It also will help the department better manage its court load, he adds.

Also, in 1986, the Police Department was released from a civil rights "concent decree" that had been in effect for a number of years. Predicated on the theory that the staff's racial balance was not proportionate to that of the town, the decree governed police hiring practices.

The Police Department now has complied, says Mahony. Andover has two "minority" officers, and two women officers, one of whom has recently been promoted to the rank of sergeant.

Mahony notes that 1986 brought two important actions from the town planning department. The two—the recent revision of the Subdivision Rules and Regulations, and the enactment of the Watershed Protection Overlay Zone, approved at town meeting—were long overdue, he says.

For Mahony himself, 1986 had a particular significance. The year's end also marked the end of his first five year term as Town Manager. Key to the success of those five years spent minding the Andover beyond the office, says Mahony, has been the cooperation of the Board of Selectmen.

Since he came to the job five years ago, he says, there have been three changes in the board—changes made gradually, and resulting in minimal disruption. The present members have worked together as a group for the last two years.

"The degree in which they agreed on their role and on policy made it easy for me to follow their instructions," says Mahony. "It has made it seem more like a continuity of five years than five individual years."

Very recently, he notes, the board lost long-term member Donn Byrne. Mahony says that the town will feel the loss. "I guess, for better or worse, a lot of this year is going to be thought about in terms of Donn Byrne," he says. Besides Byrne's actual interaction with the board, says Mahony, he played an active part in many of the town's ongoing projects. Byrne's insights were important; they will be missed in the coming years.
